

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: L. Penfield Faber
DOCKET NO.: 20-27754.001-R-1
PARCEL NO.: 18-05-406-007-0000

The parties of record before the Property Tax Appeal Board are L. Penfield Faber, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$11,476
IMPR.: \$112,907
TOTAL: \$124,383

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 4,909 square feet of living area. The dwelling is approximately 27 years old. Features of the home include an unfinished basement, central air conditioning, two fireplaces and a 3.5-car garage. The property has an approximately 12,752 square foot site and is located in La Grange, Lyons Township, Cook County. The subject is classified as a class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with class 2-08 dwellings of frame or stucco exterior construction ranging in size from 3,971 to 4,561 square feet of living area. The homes are 7 or 19 years old.

Each comparable has a basement with finished area, central air conditioning, one or two fireplaces and a 2-car or a 3-car garage. The comparables have improvement assessments ranging from \$86,416 to \$100,363 or from \$21.35 to \$22.59 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$107,903 or \$21.98 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$124,383. The subject property has an improvement assessment of \$112,907 or \$23.00 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables, one of which is located in the same assessment neighborhood code as the subject property. The comparables are improved with two-story class 2-08 dwellings of masonry or frame and masonry exterior construction ranging in size from 4,328 to 4,984 square feet of living area. The homes range in age from 4 to 24 years old. Each comparable has a basement with finished area, central air conditioning, from one to four fireplaces and a garage ranging from a 2-car to a 4-car capacity. The comparables have improvement assessments ranging from \$111,448 to \$143,875 or from \$24.42 to \$31.26 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven equity comparables for the Board's consideration. The Board gives less weight to appellant comparable #2 and the board of review's comparables which are less similar in age and/or are located outside the subject assessment neighborhood code.

The Board finds the best evidence of assessment equity to be appellant comparables #1 and #3 which are more similar to the subject in location, age, design and other features, but present varying degrees of similarity to the subject in dwelling size, garage capacity and basement features. These two comparables have improvement assessments of \$86,416 and \$89,706 or for \$21.35 and \$22.59 per square foot of living area, respectively. The subject's improvement assessment of \$112,907 or \$23.00 per square foot of living area falls above the two best comparables in this record. However, after considering appropriate adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
