

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Terrie Valek Welge  
DOCKET NO.: 20-27769.001-R-1  
PARCEL NO.: 18-09-302-030-0000

The parties of record before the Property Tax Appeal Board are Terrie Valek Welge, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$8,542  
**IMPR.:** \$38,366  
**TOTAL:** \$46,908

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 1-story dwelling of masonry exterior construction with 2,561 square feet of living area. The dwelling is approximately 68 years old. Features of the home include a basement with finished area, central air conditioning, a fireplace and a 2-car garage. The property has a 10,050 square foot site and is located in La Grange, Lyons Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends improvement assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located in the subject's assessment neighborhood code. The comparables are improved with class 2-04

dwellings<sup>1</sup> of masonry or frame and masonry exterior construction ranging in size from 2,271 to 2,806 square feet of living area. The comparables range in age from 56 to 80 years old. Each comparable has a basement with one comparable having finished area, central air conditioning, one or two fireplaces and a 2-car garage. The comparables have improvement assessments ranging from \$25,340 to \$31,924 or from \$11.11 to \$13.03 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$30,169 or \$11.78 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$46,908. The subject property has an improvement assessment of \$38,366 or \$14.98 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located in the subject's assessment neighborhood code. The comparables are improved with 1-story or 1.5-story dwellings of masonry or frame and masonry exterior construction ranging in size from 2,415 to 2,789 square feet of living area. The comparables range in age from 59 to 68 years old. Each comparable has a full basement with one comparable having finished area, central air conditioning and either a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$40,294 to \$47,457 or from \$15.17 to \$18.11 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gave the most weight to the appellant's comparable #3 and board of review comparables #2 and #4 which are most similar to the subject in location, design, age, dwelling size, and some features. However, two of these comparables lack a finished basement area, a feature of the subject. These three comparables have improvement assessments ranging from \$31,085 to \$42,383 or from \$11.81 to \$17.55 per square foot of living area. The subject's improvement assessment of \$38,366 or \$14.98 per square foot of living area falls within the range established by the best comparables in this record. The Board gave less weight to the appellant's comparables due to differences in their ages and/or designs when compared to the subject. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not prove by clear and

convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
