

# FINAL ADMINISTRATIVE DECISION ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT:	Mike Schiffman
DOCKET NO.:	20-27775.001-R-1
PARCEL NO .:	18-06-200-038-0000

The parties of record before the Property Tax Appeal Board are Mike Schiffman, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds *a reduction* in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$8,400
IMPR.:	\$47,132
TOTAL:	\$55,532

Subject only to the State multiplier as applicable.

#### **Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

#### **Findings of Fact**

The subject consists of a two-story dwelling of frame and masonry exterior construction with 2,043 square feet of living area. The dwelling is 57 years old. Features of the home include a basement with finished area, central air conditioning and a two-car garage. The property has a 9,600 square foot site and is located in Western Springs, Lyons Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located in the subject's assessment neighborhood code. The comparables are improved with class 2-78 dwellings of masonry or frame and masonry exterior construction ranging in size from 2,121 to 2,587 square feet of living area. The dwellings range in age from

28 to 58 years old. Each comparable has a basement with three comparables having finished area, central air conditioning and a 2-car or a 2.5-car-garage. Three comparables have either one or four fireplaces. The comparables have improvement assessments ranging from \$46,535 to \$61,427 or from \$21.94 to \$24.23 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$47,132 or \$23.07 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$62,604. The subject has an improvement assessment of \$54,204 or \$26.53 per square foot of living area. In support of this argument, the board of review submitted information on three equity comparables that are located in the subject's assessment neighborhood code. The comparables are improved with class 2-78, two-story dwellings of frame, masonry or frame and masonry exterior construction ranging in size from 2,310 to 2,663 square feet of living area. The dwellings range in age from 33 to 55 years old. Each comparable has an unfinished basement, central air conditioning, one fireplace and either a 2-car, a 2.5-car or a 3-car garage. The comparables have improvement assessments ranging from \$68,998 to \$72,915 or from \$27.38 to \$29.87 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

## **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted seven suggested comparables for the Board's consideration, all of which are superior to the subject due to varying differences in their ages, dwelling sizes, and/or other features. Nonetheless, the Board gives less weight to the appellant's comparable #2 and board of review comparables #3 and #4 which have considerably newer homes when compared to the subject than the other comparables in the record. Nevertheless, the parties' four remaining comparables have improvement assessments ranging from \$46,535 to \$72,915 or from \$21.94 to \$27.38 square foot of living area. The subject's improvement assessment of \$54,204 or \$26.53 per square foot of living area falls within the range established by the comparables in this record. However, after considering the varying adjustments to these four comparables for differences when compared to the subject, such as larger dwelling size and/or other features, the Board finds a reduction in the subject's assessment commensurate with the appellant's request is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
