

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Paul Theiss
DOCKET NO.: 20-27776.001-R-1
PARCEL NO.: 18-04-307-010-0000

The parties of record before the Property Tax Appeal Board are Paul Theiss, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,750
IMPR.: \$64,791
TOTAL: \$71,541

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 3,072 square feet of living area. The dwelling is approximately 128 years old. Features of the home include an unfinished basement, central air conditioning, one fireplace and a 2.5-car garage. The property has a 7,500 square foot site located in La Grange, Lyons Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located in the subject's assessment neighborhood code. The comparables are improved with class 2-06 dwellings of frame exterior construction ranging in size from 2,750 to 3,870 square feet of living area. The dwellings range in age from 98 to 128 years old. Each

comparable has an unfinished basement, central air conditioning and a 2-car garage. One comparable has one fireplace. The comparables have improvement assessments ranging from \$47,609 to \$67,614 or from \$17.31 to \$18.12 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$54,528 or \$17.75 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$71,541. The subject property has an improvement assessment of \$64,791 or \$21.09 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located in the subject's assessment neighborhood code. The comparables are improved with two-story class 2-06 dwellings of frame, masonry, or stucco exterior construction ranging in size from 2,237 to 2,524 square feet of living area. The dwellings range in age from 91 to 132 years old. Each comparable has an unfinished basement, one fireplace and either a 1.5-car or a 2-car garage. Three comparables each have central air conditioning. The comparables have improvement assessments ranging from \$55,704 to \$60,231 or from \$23.21 to \$26.32 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board finds the best evidence of assessment equity to be the appellant's comparables #1, #3 and #4 along with board of review comparable #1 which are overall more similar to the subject in location, age, dwelling size, foundation type and some features. These comparables have improvement assessments ranging from \$47,609 to \$64,631 or from \$17.31 to \$23.86 per square foot of building area. The subject's improvement assessment of \$64,791 or \$21.09 per square foot of building area falls above the range established by the best comparables in this record on an overall basis but within the range on a per square foot basis. The Board gives less weight to the parties' remaining comparables due to significant differences from the subject in dwelling size, age and/or lack of central air conditioning. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement is inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
