

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Concetta Sizemore
DOCKET NO.: 20-27778.001-R-1
PARCEL NO.: 18-17-110-003-0000

The parties of record before the Property Tax Appeal Board are Concetta Sizemore, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,190
IMPR.: \$49,289
TOTAL: \$57,479

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry exterior construction with 3,644 square feet of living area. The dwelling is approximately 21 years old. Features of the home include an unfinished basement, central air conditioning and a three-car garage. The property has a 16,380 square foot site and is located in La Grange, Lyons Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three comparables that are located in the subject's assessment neighborhood code. The comparables are improved with class 2-78 dwellings of frame or frame and masonry exterior construction that range in size from 2,008 to 3,608 square feet of living area and range in age from 46 to 52 years old. Each

comparable has an unfinished basement, central air conditioning and a two-car garage. Two comparables each have one fireplace. The comparables have improvement assessments ranging from \$25,825 to \$44,347 or from \$12.29 to \$12.88 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$46,206 or \$12.68 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$57,479. The subject has an improvement assessment of \$49,289 or \$13.53 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that are located in the subject's assessment neighborhood code. The comparables are improved with two-story, class 2-78 dwellings of frame, masonry or frame and masonry exterior construction that range in size from 2,913 to 3,800 square feet of living area and range in age from 4 to 22 years old. Each comparable has an unfinished basement, central air conditioning and a three-car garage. Three comparables each have one fireplace. The comparables have improvement assessments ranging from \$53,674 to \$66,079 or from \$14.65 to \$20.87 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains seven equity comparables for the Board's consideration. The Board finds the best evidence of assessment equity to be the board of review comparables #1 and #3 which are overall more similar to the subject in location, age, dwelling size, and most features. These two comparables have improvement assessments of \$53,674 and \$66,079 or \$15.16 and \$18.36 per square foot of living area, respectively. The subject has an improvement assessment of \$49,289 or \$13.53 per square foot of living area, which falls below the two best comparables in the record. The Board gives less weight to the appellant's comparables along with board of review comparables #2 and #4 due to significant differences in their ages and/or dwelling sizes when compared to the subject. Based on this evidence and after considering adjustments to the two best comparables for differences when compared to the subject, the Board finds the appellant did not prove by clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
