

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Bob Weisman
DOCKET NO.: 20-27830.001-R-1
PARCEL NO.: 14-29-218-021-0000

The parties of record before the Property Tax Appeal Board are Bob Weisman, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$21,250
IMPR.: \$76,039
TOTAL: \$97,289

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 3,006 square feet of living area. The dwelling was approximately 125 years old. Features of the home include a full unfinished basement, central air conditioning, and a 2-car garage. The property has a 3,125 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject. The comparables are class 2-06 properties improved with dwellings of masonry exterior construction ranging in size from 3,556 to 4,752 square feet of living area. The dwellings range in age from 116 to 120 years

old and have features with varying degrees of similarity to the subject. The comparables have improvement assessments ranging from \$86,925 to \$110,056 or from \$21.59 to \$24.44 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$97,289. The subject property has an improvement assessment of \$76,039 or \$25.30 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables with the same assessment neighborhood code as the subject. The comparables are class 2-06 properties improved with 2-story dwellings of frame or masonry exterior construction ranging in size from 2,824 to 3,220 square feet of living area. The dwellings were either 120 or 130 years old and have features with varying degrees of similarity to the subject. The comparables have improvement assessments ranging from \$75,159 to \$103,145 or from \$26.21 to \$34.66 per square foot of living area.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables due to their significantly larger dwelling sizes when compared to the subject. The Board gives less weight to board of review comparable #3 which appears to be an outlier due to its considerably higher improvement assessment than the other comparables in the record.

The Board finds the best evidence of assessment equity to be board of review's comparables which are most similar to the subject in age and dwelling size and have features with varying degrees of similarity to the subject. These comparables have improvement assessments ranging from \$75,159 to \$84,396 or from \$26.21 to \$27.15 per square foot of living area. The subject property's improvement assessment of \$76,039 or \$25.30 per square foot of living area falls within the range established by the best comparables in this record on an overall basis and below on a square foot basis. After considering adjustments to these comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
