

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jane Hardies
DOCKET NO.: 20-28765.001-R-1
PARCEL NO.: 18-07-309-037-0000

The parties of record before the Property Tax Appeal Board are Jane Hardies, the appellant, by attorney Brian S. Maher, of Weis, DuBrock, Doody & Maher in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$19,152
IMPR.: \$43,356
TOTAL: \$62,508

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a 1-story dwelling of frame exterior construction with 2,140 square feet of building area. The dwelling is 54 years old. Features of the home include an unfinished basement, central air conditioning, one fireplace, and a 2-car garage. The property has a 16,300 square foot site and is located in Hinsdale, Lyons Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of the inequity argument, the appellant submitted information on two grid analyses for five equity comparables that are located in the subject's assessment neighborhood code. For clarity in the record, the single comparable on the second grid was renumbered #5. The comparables are described as 1-story dwellings of frame, masonry or frame and masonry

exterior construction ranging in size from 1,962 to 2,709 square feet of living area. The homes range in age from 52 to 67 years old. The appellant reported four comparables each have a basement with two comparables having finished area and one comparable as having "None." Each comparable has central air conditioning, one to three fireplaces and either a 1.5-car, a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$38,009 to \$51,453 or from \$15.65 to \$19.70 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$39,525 or \$18.47 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$62,508. The subject property has an improvement assessment of \$43,356 or \$20.26 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located in the subject's assessment neighborhood code. The comparables are described as 1-story, class 2-04 dwellings of masonry or frame and masonry exterior construction ranging in size from 1,971 to 2,360 square feet of living area. The homes range in age from 45 to 69 years old. Each comparable has an unfinished basement, central air conditioning, one or three fireplaces and a 2-car garage. The comparables have improvement assessments ranging from \$40,603 to \$57,429 or from \$20.60 to \$24.33 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board finds the best evidence of assessment equity to be the appellant's comparables #3 and #4 along with board of review comparables #1, #2 and #4 which are overall more similar to the subject in location, age, dwelling size, foundation type and other features. These five comparables have improvement assessments ranging from \$38,009 to \$57,429 or from \$19.37 to \$24.33 per square foot of living area. The subject's improvement assessment of \$43,356 or \$20.26 per square foot of living area falls within the range established by the best comparables in this record. The Board gives less weight to the parties' remaining comparables due to differences from the subject in their ages, dwelling sizes, and/or lack of a basement or basement finish, which are features of the subject. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
