

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Carmen Castaneda
DOCKET NO.: 20-28841.001-R-1
PARCEL NO.: 19-06-102-038-0000

The parties of record before the Property Tax Appeal Board are Carmen Castaneda, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,231
IMPR.: \$13,205
TOTAL: \$17,436

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of frame exterior construction with 1,282 square feet of living area. The dwelling is approximately 85 years old. Features of the home include a full unfinished basement and a 2-car garage. The property has a 5,460 square foot site and is located in Stickney, Stickney Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity concerning the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject. The comparables are class 2-03 properties improved with 1-story or 1.5-story dwellings of wood or wood and masonry exterior construction ranging in size from 1,080 to 1,470 square feet of living area. The dwellings are 88 to 93 years old and have full unfinished basements. Two comparables have

central air conditioning. Each comparable has one fireplace. Three comparables each have a 1-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$8,228 to \$11,358 or from \$7.62 to \$8.25 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$17,436. The subject property has an improvement assessment of \$13,205 or \$10.30 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables with the same assessment neighborhood code as the subject. The comparables are class 2-03 properties improved with 1.5-story dwellings of frame exterior construction ranging in size from 1,170 to 1,352 square feet of living area. The dwellings are 72 to 107 years old and have full basements, with one having finished area. Two comparables have central air conditioning. Each comparable has a 2-car or a 3-car garage. The comparables have improvement assessments ranging from \$12,461 to \$15,386 or from \$10.65 to \$11.38 per square foot of living area. Based on this evidence the board of review requests confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight equity comparables for the Board's consideration. The Board gives less weight to appellant's comparables #2, #3 and #4 as well as board of review comparables #3 and #4 due to differences in style, central air conditioning, garages, and/or finished basement area when compared to the subject.

The Board finds the best evidence of assessment equity to be appellant's comparable #1 along with board of review comparables #1 and #2 which overall are most similar to the subject in location, style, age, dwelling size and features. The comparables have improvement assessments ranging from \$10,669 to \$15,386 or from \$8.25 to \$11.38 per square foot of living area. The subject's improvement assessment of \$13,205 or \$10.30 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not prove by clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
