

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Daniel Vera
DOCKET NO.: 20-28847.001-R-1
PARCEL NO.: 22-24-105-016-0000

The parties of record before the Property Tax Appeal Board are Daniel Vera, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$13,979
IMPR.: \$66,056
TOTAL: \$80,035

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 6,936 square feet of living area. The dwelling is approximately 22 years old. Features of the home include an unfinished basement, central air conditioning, at least one fireplace¹ and a 4-car garage.² The property has an approximately 50,834 square foot site and is located in Lemont, Lemont Township, Cook County. The subject is classified as a class 2-09 property under the Cook County Real Property Assessment Classification Ordinance.

¹ The appellant's grid analysis reports the subject has two fireplaces while the board of review's grid analysis depicts the subject has one fireplace.

² The parties differ as to the garage capacity of the subject property. The Board finds the best description of the subject's garage is found in the board of review's grid analysis which was not refuted by the appellant in rebuttal.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables located in the same assessment neighborhood code and from 0.07 to 0.76 of a mile from the subject property. The comparables are improved with two-story class 2-09 dwellings of masonry exterior construction ranging in size from 5,288 to 6,704 square feet of living area. The homes range in age from 16 to 35 years old. Each comparable has a basement, with three having finished area. Each dwelling has central air conditioning and two fireplaces. Four dwellings have either a 3-car or a 4-car garage.³ The comparables have improvement assessments ranging from \$41,579 to \$51,847 or from \$7.70 to \$8.70 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$57,014 or \$8.22 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$80,035. The subject property has an improvement assessment of \$66,056 or \$9.52 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. Board of review comparables #1 and #2 are the same properties as the appellant's comparables #3 and #1, respectively. The comparables are improved with two-story class 2-09 dwellings of masonry exterior construction ranging in size from 5,160 to 5,959 square feet of living area. The homes range in age from 19 to 30 years old. Each comparable has a basement, with one having finished area. Each dwelling has central air conditioning, two or four fireplaces and from a 3-car to a 4-car garage. The comparables have improvement assessments ranging from \$41,579 to \$56,642 or from \$7.86 to \$10.24 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains seven equity comparables for the Board's consideration, as two properties were common to the parties. These properties are similar to the subject in location and design but have varying degrees of similarity to the subject in age, dwelling size, garage capacity and basement features. These comparables have improvement assessments ranging from \$41,579 to \$56,642 or from \$7.70 to \$10.24 per square foot of living area. The subject's improvement assessment of \$66,056 or \$9.52 per square foot of living area falls above the range established by the best comparables in this record on an overall improvement assessment basis and within the

range on a per square foot basis. Given the subject has a larger dwelling size than all of the comparables in the record, a higher improvement assessment appears logical. Therefore, after considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
