

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Richare Ristau
DOCKET NO.: 20-28890.001-R-1
PARCEL NO.: 18-07-410-016-0000

The parties of record before the Property Tax Appeal Board are Richare Ristau, the appellant, by attorney Ellen G. Berkshire, of Verros Berkshire, PC in Oakbrook Terrace; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$9,057
IMPR.: \$113,823
TOTAL: \$122,880

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry exterior construction with 5,172 square feet of living area. The dwelling is approximately 14 years old. Features of the home include a basement with finished area, central air conditioning, three fireplaces and a 3-car garage. The property has an 11,687 square foot site and is located in Western Springs, Lyons Township, Cook County. The subject is classified as a class 2-09 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located in the subject's assessment neighborhood code and within 0.9 of a mile from the subject property. The comparables are improved with class 2-09 dwellings of masonry or frame and masonry exterior construction that range in size from 5,338 to 5,651

square feet of living area and range in age from 4 to 19 years old. Each comparable has a basement with three comparables having finished area, central air conditioning, one or two fireplaces and from a 1-car to a 4-car garage. The comparables have improvement assessments ranging from \$107,811 to \$124,796 or from \$20.20 to \$22.80 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$110,164 or \$21.30 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$122,880. The subject has an improvement assessment of \$113,823 or \$22.01 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that are located in the subject's assessment neighborhood code and approximately a quarter of a mile from the subject property. The comparables are improved with two-story, class 2-08 dwellings of frame and masonry exterior construction that range in size from 4,158 to 4,935 square feet of living area and range in age from 4 to 19 years old. Each comparable has a basement with one comparable having finished area, central air conditioning and either a 2-car, a 2.5-car or a 3-car garage. Three comparables each have one fireplace. The comparables have improvement assessments ranging from \$97,720 to \$120,870 or from \$23.14 to \$26.94 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight equity comparables for the Board's consideration. The Board finds the best evidence of assessment equity to be the appellant's comparables #1 and #3 along with the board of review comparable #2 which are more similar to the subject in location, age, dwelling size, and some features. However, each comparable requires adjustments for fireplace count and/or basement finish to make them more equivalent to the subject property. These three comparables have improvement assessments ranging from \$107,811 to \$121,502 or from \$20.20 to \$24.49 per square foot of living area. The subject has an improvement assessment of \$113,823 or \$22.01 per square foot of living area which falls within the range established by the best comparables in this record. The Board gives less weight to the parties' remaining comparables due to differences in their dwelling sizes and/or newer ages when compared to the subject. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not prove by clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
