

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Susan & Peter Anthony
DOCKET NO.: 20-30272.001-R-1
PARCEL NO.: 05-31-318-036-0000

The parties of record before the Property Tax Appeal Board are Susan & Peter Anthony, the appellant(s), by attorney Glenn Guttman, of Rieff Schramm Kanter & Guttman in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$20,529
IMPR.: \$66,471
TOTAL: \$87,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 13-year-old, two-story, single-family dwelling of masonry construction with 4,324 square feet of living area. Features of the home include a full finished basement with a formal recreation room, central air conditioning, a fireplace, and a three-car garage. The property has a 17,852 square foot site located in Glenview, New Trier Township, Cook County. The property is a class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted an appraisal estimating the subject property had a market value of \$870,000 or \$201.20 per square foot of living area, including land, as of January 1, 2019. The appraisal was prepared by Scott A. Sieman, an Illinois licensed certified residential real estate appraiser. The appraisal developed the sales approach to market value in analyzing the subject value. Under

the sales comparison approach, the appraisers examined three sales comparable properties that sold in 2018. The appraiser adjusted the comparable properties for differences from the subject, such as site size, quality of construction, condition, room count, dwelling size, basement finish, fireplace count, garage size, and other amenities, to calculate adjusted sale prices. Based on the foregoing, the appellant requested a total assessment of \$87,000 for the subject property.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$93,561. The subject's assessment reflects a market value of \$935,610 or \$216.38 per square feet of living area, land included, using the Cook County Real Estate Classification Ordinance level of assessment for class 2 property of 10%.

In support of the assessment the board of review submitted four sales comparable properties.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the appraisal submitted by the appellant. The appraisal was prepared by an Illinois certified residential appraiser and included adjustments based on his experience and expertise, whereas the board of review submitted three comparable sale properties that contained unadjusted raw sales figures. The subject's assessment reflects a market value of \$935,610 or \$216.38 per square feet of living area, land included which is above the appraised value. The Board finds the subject property had a market value of \$870,000 as of the assessment date at issue. Since market value has been established the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10% shall apply. (86 Ill.Admin.Code §1910.50(c)(2).

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
