

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Keith Ganesh  
DOCKET NO.: 20-30660.001-R-1  
PARCEL NO.: 17-06-106-024-0000

The parties of record before the Property Tax Appeal Board are Keith Ganesh, the appellant, by attorney Adam E. Bossov, of the Law Offices of Adam E. Bossov, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$19,164  
**IMPR.:** \$52,899  
**TOTAL:** \$72,063

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story, multi-family building of masonry exterior construction with 2,948 square feet of building area. The building is approximately 128 years old. Features of the building include a full basement. The property has a 4,212 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables that are located in the subject's assessment neighborhood code. The comparables are improved with class 2-11 multi-family buildings of masonry exterior construction ranging in size from 3,224 to 3,688 square feet of building area. The buildings range in age from 123 to 130 years old. Each comparable has a full basement. Two comparables each have central air conditioning.

Three comparables each have from a 1.5-car to a 2.5-car garage. The comparables have improvement assessments ranging from \$43,456 to \$55,041 or from \$13.09 to \$15.41 per square foot of building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$43,336 or \$14.70 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$72,063. The subject property has an improvement assessment of \$52,899 or \$17.94 per square foot of building area.

In support of its contention of the correct assessment, the board of review submitted information on three comparables that are located in the subject's assessment neighborhood code. The comparables are improved with 2-story, class 2-11 multi-family buildings of masonry exterior construction ranging in size from 2,264 to 3,234 square feet of building area. The buildings range in age from 117 to 132 years old. The comparables each have a full basement and either a 2-car or a 3-car garage. The comparables have improvement assessments ranging from \$44,710 to \$63,976 or from \$19.34 to \$19.78 per square foot of building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board finds the best evidence of assessment equity to be the appellant's comparable #3 as well as board of review comparables #1 and #2 which are more similar to the subject in location, design, age, and building size, but present varying degrees of similarity to the subject in garage amenity and central air conditioning, suggesting adjustments are needed to make these properties more equivalent to the subject. The best comparables have improvement assessments ranging from \$49,557 to \$63,976 or from \$15.37 to \$19.78 per square foot of building area. The subject's improvement assessment of \$52,899 or \$17.94 per square foot of building area falls within the range established by the best comparables in this record. The Board gives less weight to the appellant's comparables #1, #2, and #4 as well as board of review comparable #3 which are less similar to the subject in dwelling size than other comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
