

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Brian Cronin
DOCKET NO.: 20-30946.001-R-1
PARCEL NO.: 18-07-420-019-0000

The parties of record before the Property Tax Appeal Board are Brian Cronin, the appellant, by attorney Noah J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,246
IMPR.: \$65,535
TOTAL: \$72,781

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 3,148 square feet of living area. The dwelling is approximately 19 years old. Features of the home include an unfinished basement, central air conditioning, one fireplace and a 2-car garage. The property has a 9,350 square foot site and is located in Western Springs, Lyons Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment equity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables that are located in the subject's assessment neighborhood code. For clarity in the record, the single comparable on the second grid was renumbered #5. The appellant reported the comparables consist of class 2-78, 2-story dwellings of frame, masonry or frame and masonry

exterior construction ranging in size from 3,037 to 3,407 square feet of living area. The comparables range in age from 50 to 59 years old. The appellant did not report the foundation type of the dwellings. Each comparable has central air conditioning, one fireplace, and a 2-car garage. The comparables have improvement assessments ranging from \$39,311 to \$52,012 or from \$12.94 to \$16.19 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$48,951 or \$15.55 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$72,781. The subject property has an improvement assessment of \$65,535 or \$20.82 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located in the subject's assessment neighborhood code. The comparables are improved with class 2-78, 2-story dwellings of frame, masonry or frame and masonry exterior construction ranging in size from 3,158 to 3,622 square feet of living area. The comparables range in age from 15 to 59 years old. Each comparable has a basement with two comparables having finished area, central air conditioning, one or two fireplaces and either a 2-car or a 3-car garage. The comparables have improvement assessments ranging from \$66,959 to \$77,286 or from \$21.20 to \$22.07 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board gave the most weight to the board of review comparables #2 and #4 which are most similar to the subject in location, age, dwelling size, foundation type and some features. These two comparables have improvement assessments of \$70,719 and \$74,221 or \$21.44 and \$22.07 per square foot of living area. The subject's improvement assessment of \$65,535 or \$20.82 per square foot of living area falls below these two comparables which is logical when considering the subject's smaller dwelling size and/or unfinished basement area relative to these two comparables. The Board gave less weight to the appellant's comparables and board of review comparables #1 and #3 due to their older ages and/or larger dwelling size when compared to the subject. Furthermore, the appellant's grid analysis did not contain data regarding the comparables' foundation type which is necessary for the Board to conduct a meaningful comparative analysis of the comparables in relation to the subject property. After considering adjustments to the two best comparables for differences when compared to the subject, the Board finds the appellant did not prove by clear and convincing evidence that the subject's

improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
