

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Garry Reichert
DOCKET NO.: 20-30966.001-R-1
PARCEL NO.: 18-30-407-033-0000

The parties of record before the Property Tax Appeal Board are Garry Reichert, the appellant, by attorney Noah J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$10,875
IMPR.: \$55,286
TOTAL: \$66,161

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 3,568 square feet of living area. The dwelling is approximately 35 years old. Features of the home include an unfinished basement, central air conditioning, one fireplace and a 3-car garage. The property has a 15,000 square foot site and is located in Burr Ridge, Lyons Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment equity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five comparables located in the subject's assessment neighborhood code. The comparables are improved with class 2-78, two-story dwellings of frame or frame and masonry exterior construction that range in size from 3,364 to 3,795 square feet of living area and range in age from 38 to 49 years old.

Each comparable has a basement with two comparables having finished area, central air conditioning, one or two fireplaces and either a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$34,763 to \$42,506 or from \$10.27 to \$11.20 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$39,854 or \$11.17 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$66,161. The subject has an improvement assessment of \$55,286 or \$15.49 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that are located in the subject's assessment neighborhood code. The comparables are improved with class 2-78, two-story dwellings of masonry exterior construction that range in size from 3,091 to 3,569 square feet of living area and range in age from 33 to 38 years old. Each comparable has an unfinished basement, central air conditioning, one or two fireplaces and either a 2-car, 2.5 car, or a 3-car garage. The comparables have improvement assessments ranging from \$53,118 to \$56,210 or from \$15.49 to \$17.18 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains nine equity comparables for the Board's consideration. The Board finds the best evidence of assessment equity to be the appellant's comparables #1 and #3 along with board of review comparables #1, #2 and #4 which are similar to the subject in location, age, dwelling size, and some features.. These comparables have improvement assessments ranging from \$34,763 to \$56,210 or from \$10.27 to \$15.89 per square foot of living area. The subject's improvement assessment of \$55,286 or \$15.49 per square foot of living area falls within the range established by the best comparables in this record. The Board gave less weight to the parties' remaining comparables due to differences in their age and/or basement finish when compared to the subject that has an unfinished basement. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not prove by clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
