

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: K Halm
DOCKET NO.: 20-30970.001-R-1
PARCEL NO.: 18-06-216-037-0000

The parties of record before the Property Tax Appeal Board are K Halm, the appellant, by attorney Noah J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,750
IMPR.: \$61,798
TOTAL: \$70,548

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of stucco exterior construction with 3,034 square feet of living area. The dwelling is approximately 129 years old. Features of the home include a basement with finished area, central air conditioning, and a 2-car garage. The property has a 10,000 square foot site and is located in Western Springs, Lyons Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of the inequity argument, the appellant submitted information on two grid analyses for five equity comparables located in the same neighborhood code as the subject property. For clarity in the record, the single comparable on the second grid was renumbered #5. The comparables are improved with 2-story, class 2-06 dwellings of frame, stucco, or frame and

masonry exterior construction ranging in size from 2,828 to 3,282 square feet of living area. The homes range in age from 66 to 107 years old. Each comparable has a basement, two of which have finished area, central air conditioning, and a 1-car or a 2-car garage. Four comparables each have one or two fireplaces. One comparable has an unfinished attic. The comparables have improvement assessments ranging from \$37,276 to \$52,681 or from \$13.18 to \$16.06 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$45,054 or \$14.85 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$70,548. The subject property has an improvement assessment of \$61,798 or \$20.37 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same neighborhood code as the subject property. The comparables are improved with 2-story, class 2-06 dwellings of stucco exterior construction ranging in size from 3,226 to 4,025 square feet of living area. The homes range in age from 95 to 114 years old. Each comparable has a basement, one of which has finished area, and central air conditioning. Three comparables each have one or two fireplaces. Three comparables have either a 2.5-car or a 3-car garage. The comparables have improvement assessments ranging from \$66,994 to \$78,085 or from \$19.40 to \$20.77 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board finds the best evidence of assessment equity to be the appellant's comparable #4 and board of review comparable #2 which are similar to the subject in location, design, age, dwelling size, and some features. The comparables have improvement assessments of \$52,681 and \$66,994 or \$16.05 and \$20.77 per square foot of living area, respectively. The subject's improvement assessment of \$61,798 or \$20.37 per square foot of living area is bracketed by the two best comparables in this record. The Board gives less weight to the parties' remaining comparables which are less similar to the subject in age than other comparables in this record or due to differences from the subject in dwelling size. Based on this record and after considering adjustments to the two best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
