

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Scott Stanczak
DOCKET NO.: 20-30974.001-R-1
PARCEL NO.: 18-04-328-017-0000

The parties of record before the Property Tax Appeal Board are Scott Stanczak, the appellant, by attorney Noah J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,535
IMPR.: \$89,997
TOTAL: \$95,532

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 3,648 square feet of living area. The dwelling is approximately 16 years old. Features of the home include a basement with finished area, central air conditioning, one fireplace, and a 2-car garage. The property has a 6,150 square foot site and is located in La Grange, Lyons Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the subject's improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located in the subject's neighborhood code,¹ along with property characteristic printouts for the comparables and are improved with 2-story, class 2-78 dwellings

¹ For ease of reference, the Board has identified the last comparable as #5.

of frame, masonry, or frame and masonry exterior construction ranging in size from 2,889 to 3,680 square feet of living area. The homes range from 16 to 62 years old. Based on the property printouts, each comparable has a basement, one of which has finished area. Each comparable has central air conditioning. Four comparables each have one fireplace. Four comparables have either a 2-car or a 3-car garage. The comparables have improvement assessments ranging from \$45,937 to \$80,781 or from \$15.90 to \$21.95 per square foot of living area. Based on this evidence the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$95,532. The subject property has an improvement assessment of \$89,997 or \$24.67 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the subject's neighborhood code and are improved with 2-story, class 2-78 dwellings of frame or masonry exterior construction ranging in size from 3,234 to 3,601 square feet of living area. The homes range from 13 to 23 years old. Each comparable has a basement, one of which has finished area, central air conditioning, and either a 2-car or a 2.5-car garage. Two comparables each have one fireplace. The comparables have improvement assessments ranging from \$80,537 to \$92,996 or from \$24.90 to \$26.49 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested equity comparables for the Board's consideration. The Board finds the best evidence of assessment equity to be the appellant's comparables #2 and #5 as well as the board of review comparables which are more similar in location, design, age, and dwelling size with varying degrees of similarity in other features. These comparables would still require various adjustments for differences from the subject including, but not limited to, basement finish, fireplace amenity, and fireplace count. The best comparables have improvement assessments ranging from \$56,479 to \$92,996 or from \$16.60 to \$26.49 per square foot of living area. The subject's improvement assessment of \$89,997 or \$24.67 per square foot of living area falls within the range established by the best comparables in this record. The Board gives less weight to the appellant's comparables #1, #3, and #4 due to differences in dwelling size and/or age when compared to the subject. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
