

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Marybeth Zindrick  
DOCKET NO.: 20-30993.001-R-1  
PARCEL NO.: 18-19-103-090-0000

The parties of record before the Property Tax Appeal Board are Marybeth Zindrick, the appellant, by attorney Noah J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$97,780  
**IMPR.:** \$84,907  
**TOTAL:** \$182,687

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of masonry exterior construction with 5,320 square feet of living area. The dwelling is approximately 29 years old. Features of this home include a basement with finished area, central air conditioning, three fireplaces, and a 4-car garage. The property has a 134,869 square foot site and is located in Burr Ridge, Lyons Township, Cook County. The subject is classified as a class 2-09 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located in the same neighborhood code as the subject property<sup>1</sup>, along with property characteristic printouts for the comparables. The comparables are improved with 2-story, class

<sup>1</sup> For ease of reference, the Board has identified the last comparable as #5.

2-09 dwellings of masonry or stucco exterior construction ranging in size from 5,001 to 5,687 square feet of living area. The comparables range in age from 22 to 33 years old. Each comparable has an unfinished basement, central air conditioning, from one to three fireplaces, and from a 3-car to a 4-car garage. The comparables have improvement assessments ranging from \$61,714 to \$67,248 or from \$11.71 to \$12.96 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$182,687. The subject property has an improvement assessment of \$84,907 or \$15.96 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same neighborhood code as the subject property. The comparables are improved with 2-story, class 2-08 or class 2-09 dwellings of masonry exterior construction ranging in size from 4,144 to 6,291 square feet of living area. The comparables range in age from 27 to 33 years old. Each comparable has a basement, three of which have finished area, central air conditioning, either two or three fireplaces, and from a 2-car to a 4-car garage. The comparables have improvement assessments ranging from \$72,466 to \$112,797 or from \$16.13 to \$17.93 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested equity comparables for the Board's consideration. The Board finds the best evidence of assessment equity to be the appellant's comparables and board of review comparable #1 which are more similar to the subject in location, design, age and dwelling size with varying degrees of similarity in other features. These comparables have improvement assessments ranging from \$61,714 to \$80,464 or from \$11.71 to \$16.13 per square foot of living area. The subject's improvement assessment of \$84,907 or \$15.96 per square foot of living area falls above the range established by the best comparables in this record on an overall improvement assessment basis but within on a per square foot basis. However, the subject's higher overall improvement assessment is logical considering its larger dwelling size and additional fireplace in relation to board of review comparable #1 which sets the upper end of the overall range of most similar comparables. The Board gives less weight to the board of review's remaining comparables due to differences in dwelling size when compared to the subject. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
