

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jim Camaren
DOCKET NO.: 20-30996.001-R-1
PARCEL NO.: 18-07-206-020-0000

The parties of record before the Property Tax Appeal Board are Jim Camaren, the appellant, by attorney Noah J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$9,648
IMPR.: \$103,162
TOTAL: \$112,810

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame and masonry exterior construction with 4,587 square feet of living area. The dwelling is approximately 16 years old. Features of this dwelling include an unfinished basement, central air conditioning, one fireplace, and a 2.5-car garage. The property has a 12,450 square foot site and is located in Western Springs, Lyons Township, Cook County. The subject is classified as a class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located in the same neighborhood code as the subject property¹, along with property characteristic printouts for the comparables. The comparables are improved with 2-story, class

¹ For ease of reference, the Board has identified the last comparable as #5.

2-08 dwellings of frame, masonry, stucco, or frame and masonry exterior construction ranging in size from 4,362 to 4,682 square feet of living area. The comparables range in age from 16 to 57 years old. Each comparable has a basement, two of which have finished area, central air conditioning, from one to three fireplaces, and from a 2-car to a 3-car garage. The comparables have improvement assessments ranging from \$75,354 to \$83,057 or from \$16.75 to \$18.88 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$112,810. The subject property has an improvement assessment of \$103,162 or \$22.49 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same neighborhood code as the subject property. The comparables are improved with 2-story, class 2-08 dwellings of masonry or frame and masonry exterior construction ranging in size from 4,082 to 4,935 square feet of living area. The comparables range in age from 10 to 19 years old. Each comparable has a basement, two of which have finished area, central air conditioning, from one to four fireplaces, and either a 2-car or a 3-car garage. The comparables have improvement assessments ranging from \$91,804 to \$120,870 or from \$22.49 to \$24.89 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested equity comparables for the Board's consideration. The Board finds the best evidence of assessment equity to be the appellant's comparable #3 as well as board of review comparables #1, #2, and #4 which are more similar to the subject in location, design, age and dwelling size with varying degrees of similarity in other features. These comparables have improvement assessments ranging from \$83,057 to \$120,870 or from \$17.74 to \$24.89 per square foot of living area. The subject's improvement assessment of \$103,162 or \$22.49 per square foot of living area falls within the range established by the best comparables in this record. The Board gives less weight to the parties' remaining comparables due to differences in age or dwelling size when compared to the subject. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
