

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Eduardo Jacobo  
DOCKET NO.: 20-31304.001-R-1  
PARCEL NO.: 18-19-205-043-0000

The parties of record before the Property Tax Appeal Board are Eduardo Jacobo, the appellant, by attorney Noah J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$8,347  
**IMPR.:** \$51,964  
**TOTAL:** \$60,311

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of masonry exterior construction with 3,260 square feet of living area. The dwelling is approximately 37 years old. Features of the home include an unfinished basement, central air conditioning, two fireplaces, and a 2-car garage. The property is located in Indian Head Park, Lyons Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with regard to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables located within the subject's assessment neighborhood. The comparables consist of 2-story dwellings of frame, masonry, or frame and masonry exterior construction ranging in size from 3,026 to 3,476 square feet of living area. The homes are 49 to 53 years old. Each dwelling

has central air conditioning, one or two fireplaces, and either a 2-car or 2½-car garage. The comparables have improvement assessments ranging from \$33,687 to \$39,666 or from \$9.69 to \$12.47 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$35,957 or \$11.03 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$60,311. The subject property has an improvement assessment of \$51,964 or \$15.94 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the subject's assessment neighborhood. The comparables consist of 2-story dwellings of masonry or frame and masonry exterior construction ranging in size from 2,668 to 3,064 square feet of living area. The homes are 42 to 62 years old. Each dwelling has central air conditioning, one or two fireplaces, a basement with three having finished area, and a 2-car garage. The comparables have improvement assessments ranging from \$45,275 to \$49,024 or from \$16.00 to \$18.35 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to the board of review's comparables #2 and #3, which differ from the subject in dwelling size.

The Board finds the best evidence of assessment equity to be the appellant's comparables and board of review comparables #1 and #4, which are similar to the subject in dwelling size and some features. These comparables have improvement assessments that range from \$33,687 to \$49,024 or from \$9.69 to \$16.09 per square foot of living area. The subject's improvement assessment of \$51,964 or \$15.94 per square foot of living area falls within the range established by the best comparables in this record on a per-square-foot basis. While the subject's overall improvement assessment is above the range, the Board finds it logical given the subject's newer dwelling in relation to each of the comparables presented in the record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
