

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Seth Gastwirth
DOCKET NO.: 20-31366.001-R-1
PARCEL NO.: 05-18-206-020-0000

The parties of record before the Property Tax Appeal Board are Seth Gastwirth, the appellant(s), by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$12,600
IMPR.: \$39,881
TOTAL: \$52,481

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 103-year-old, two-story, stucco exterior, single-family dwelling with 2,088 square feet of living area. Features of the home include a full unfinished basement, a fireplace, and a two-car garage. The property has a 7,000 square foot site located in Glencoe, New Trier Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparable properties with varying degrees of similarities to the subject. The appellant requested the subject's total assessment be reduced to \$46,697.

The board of review submitted its "Board of Review Notes on Appeal". The subject had a total assessment of \$52,481, an improvement assessment of \$39,881 or \$19.10 per square foot of living area¹. In support of its contention of the correct assessment, the board of review submitted information on three equity comparable properties with varying degrees of similarities to the subject. The suggested comparable properties were located within ¼-mile radius of the subject. The improvements ranged in improvement assessment from \$22.82 to \$28.87 per square foot of living area. The board of review requested that the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparable properties to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof, and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the appellant's comparable properties #1 and #5 board of review's comparable property #1. They had improvement assessments that ranged from \$15.72 to \$23.21 per square foot of living area. The subject's improvement assessment of \$19.10 per square foot of living area falls within the range established by the best comparable properties in this record. After considering all the comparable properties submitted by the parties with emphasis on those properties that are more proximate in location and with similar features relative to the subject and after further considering adjustments to the best comparable properties for differences from the subject, the Board finds the subject's improvement assessment is supported. The Board finds that the appellant did not demonstrate by clear and convincing evidence that the subject was inequitably assessed and, therefore, a reduction in the subject's assessment is not justified.

¹ The Board of Review listed incorrect amounts for the subject's total assessment, improvement assessment and assessment per square foot. The Board finds the subject's total assessment to be \$52,481 and improvement assessment to be \$39,881 or \$19.10 per square foot of living area.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
