

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Todd Bunnetto
DOCKET NO.: 20-31378.001-R-1
PARCEL NO.: 03-18-311-004-0000

The parties of record before the Property Tax Appeal Board are Todd Bunnetto, the appellant, by Eric Feldman, attorney-at-law of Eric Feldman & Assoc. P.C. in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,470
IMPR.: \$30,238
TOTAL: \$35,708

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story dwelling of frame construction with 2,396 square feet of living area. The dwelling is approximately 35 years old. Features of the home include a partial unfinished basement, central air conditioning, one fireplace, 2½ bathrooms, and an attached 1.5-car garage. The property has an 8,752 square foot site located in Arlington Heights, Wheeling Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends inequity regarding the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables with the same classification code and neighborhood code as the subject property. The comparables are improved with two-story dwellings of frame or frame and masonry exterior construction that range in size from 2,166 to 2,761 square feet of living area. The dwellings

range in age from 33 to 47 years old. Each property has a full or partial unfinished basement, central air conditioning, 2½ bathrooms, and an attached 2-car garage. These properties have improvement assessments ranging from \$21,621 to \$30,284 or from \$9.98 to \$11.51 per square foot of living area. The appellant submitted a copy of the final decision issued by the board of review reducing the subject's total assessment from \$37,742 to \$35,708. The appellant disclosed the subject has an improvement assessment of \$30,238 or \$12.62 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$25,901.

The board of review submitted its "Board of Review Notes on Appeal" but reported the incorrect total assessment of the subject property. In support of its contention of the correct assessment the board of review submitted information on three equity comparables composed of class 2-78 properties improved with two-story dwellings of frame exterior construction that range in size from 2,155 to 2,276 square feet of living area. The homes are 35 or 36 years old. Each property has a partial or full unfinished basement, central air conditioning, one fireplace, 2½ bathrooms, and a 2-car garage. The comparables have the same assessment neighborhood code as the subject property and are located ¼ of a mile from the subject. Their improvement assessments range from \$35,576 to \$36,624 or from \$15.63 to \$16.99 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on eight assessment comparables with the same classification code and neighborhood code as the subject property to support their respective positions. The comparables are similar to the subject in style and features. The Board gives less weight to appellant's comparables #3, #4 and #5 due to differences from the subject dwelling in size and/or age. The Board finds the best evidence of assessment equity to be appellant's comparables #1 and #2 as well as the board of review comparables that range in size from 2,155 to 2,520 square feet of building area and in age from 35 to 40 years old. These comparables have improvement assessments that range from \$24,332 to \$36,624 or from \$10.22 to \$16.99 per square foot of living area. The subject's improvement assessment of \$30,238 or \$12.62 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
