

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Brittain Bandura  
DOCKET NO.: 20-31380.001-R-1  
PARCEL NO.: 03-09-304-008-0000

The parties of record before the Property Tax Appeal Board are Brittain Bandura, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$5,505  
**IMPR.:** \$32,465  
**TOTAL:** \$37,970

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of frame and masonry exterior construction with 2,742 square feet of living area. The home is approximately 47 years old. Features of the home include a partial basement with finished area, central air conditioning, and a 2-car garage. The property has an 8,808 square foot site and is located in Arlington Heights, Wheeling Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located in the subject's assessment neighborhood code. The comparables are improved with 2-story, class 2-78 dwellings of frame and masonry exterior construction ranging in size from 2,424 to 3,137 square feet of living area. The homes range in age from 33

to 50 years old. The comparables each have a full or partial basement, three of which have finished area. Each comparable has central air conditioning, either one or two fireplaces, and either a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$24,158 to \$33,404 or from \$9.79 to \$10.74 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$28,215 or \$10.29 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$37,970. The subject property has an improvement assessment of \$32,465 or \$11.84 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located in the subject's assessment neighborhood code. The comparables are improved with 2-story, class 2-78 dwellings of frame and masonry exterior construction ranging in size from 2,214 to 2,577 square feet of living area. The homes range in age from 35 to 48 years old. Three comparables each have a full or partial basement, one of which has finished area, and one comparable has a slab foundation. Each comparable has central air conditioning, one fireplace, and a 2-car garage. The comparables have improvement assessments ranging from \$26,789 to \$33,392 or from \$12.10 to \$13.75 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board finds the best evidence of assessment equity to be the appellant's comparables #1 and #3 as well as board of review comparable #1 which are overall more similar to the subject in location, design, age, dwelling size, and many features. These comparables have improvement assessments ranging from \$24,158 to \$33,392 or from \$9.79 to \$12.96 per square foot of living area. The subject's improvement assessment of \$32,465 or \$11.84 per square foot of living area falls within the range established by the best comparables in this record. The Board gives less weight to the appellant's comparables #2 and #4 as well as board of review comparables #2, #3, and #4 which are less similar to the subject in age and/or dwelling size than other comparables in this record. Further, board of review comparable #2 lacks a basement foundation, which is a feature of the subject. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the subject's improvement is supported and a reduction is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
