

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Anthony Janca
DOCKET NO.: 20-31382.001-R-1
PARCEL NO.: 03-08-408-035-0000

The parties of record before the Property Tax Appeal Board are Anthony Janca, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,700
IMPR.: \$22,666
TOTAL: \$28,366

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a multi-level dwelling of frame and masonry exterior construction with 1,160 square feet of living area. The home is approximately 47 years old. Features include a partial basement with finished area, central air conditioning, one fireplace, and a 2.5-car garage. The property has a 9,120 square foot site and is located in Arlington Heights, Wheeling Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables that are located in the subject's assessment neighborhood code. The comparables are improved with class 2-34 multi-level dwellings of frame and masonry exterior construction ranging in size from 1,266 to 1,378 square feet of living area. The homes range in age from 46

to 51 years old. Each comparable has a partial basement with finished area and a 2-car garage. Four comparables each have central air conditioning and two comparables each have one fireplace. The comparables have improvement assessments ranging from \$20,788 to \$22,735 or from \$16.23 to \$16.50 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$19,012 or \$16.39 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$28,366. The subject property has an improvement assessment of \$22,666 or \$19.54 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" which disclosed a different assessment than the board of review's final notice. Nevertheless, the board of review submitted information on four equity comparables with three of these comparables located in the same assessment neighborhood code as the subject. The comparables are improved with class 2-34 multi-level dwellings of frame or frame and masonry exterior construction ranging in size from 1,162 to 1,306 square feet of living area. The homes range in age from 47 to 50 years old. Each comparable has a partial basement with finished area, central air conditioning, and either a 1.5-car or a 2-car garage. Two comparables each have one fireplace. The comparables have improvement assessments ranging from \$24,511 to \$26,833 or from \$19.80 to \$21.86 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board finds the best evidence of assessment equity to be the appellant's comparable #3 as well as board of review comparables #1 and #4 which are overall more similar to the subject in location, design, age, dwelling size, and other features. The comparables have improvement assessments ranging from \$20,788 to \$25,398 or from \$16.42 to \$21.86 per square foot of living area. The subject's improvement assessment of \$22,666 or \$19.54 per square foot of living area falls within the range established by the best comparables in this record. The Board gives less weight to the parties' remaining comparables which are less similar to the subject in dwelling size than other comparables in this record. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
