

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: James Sideris  
DOCKET NO.: 20-31517.001-R-1  
PARCEL NO.: 18-24-308-008-0000

The parties of record before the Property Tax Appeal Board are James Sideris, the appellant, by attorney Kevin Fanning of Fanning Law, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$1,103  
**IMPR.:** \$21,437  
**TOTAL:** \$22,540

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story townhome of frame and masonry exterior construction with 1,709 square feet of living area. The dwelling is approximately 21 years old. Features of the home include a full unfinished basement, central air conditioning, a fireplace and a two-car garage. The property has an approximately 2,759 square foot site and is located in Bridgeview, Lyons Township, Cook County. The subject is classified as a class 2-95 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables that have the same assessment neighborhood code as the subject are located approximately 1 mile to 1.1 miles from the subject property. The comparables are class 2-95

properties that are improved with two-story townhomes<sup>1</sup> of frame and masonry exterior construction, each containing 1,540 square feet of living area. The dwellings are 16 or 19 years old. Each comparable has a full unfinished basement, central air conditioning and a one-car garage. The comparables have improvement assessments that range from \$14,568 to \$14,996 or from \$9.46 to \$9.74 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$16,287 or \$9.53 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$22,540. The subject property has an improvement assessment of \$21,437 or \$12.54 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same assessment neighborhood code as the subject, three of which are located on the same block as the subject property. The comparables are class 2-95 properties that are improved with two-story townhomes of frame and masonry exterior construction ranging in size from 1,436 to 1,740 square feet of living area. The dwellings are 10 or 21 years old. The comparables each have a full or partial basement, one of which has finished area. Each comparable has central air conditioning and a one-car or a two-car garage. Three comparables each have a fireplace. The comparables have improvement assessments that range from \$22,179 to \$25,643 or from \$12.75 to \$17.17 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparable properties for the Board's consideration. The Board has given less weight to the appellant's comparables due to their distant locations from the subject being 1 mile or more away. The Board has given reduced weight to board of review comparable #4 due to its newer dwelling age and finished basement area, when compared to the subject.

The Board finds the best evidence of assessment equity to be board of review comparables #1, #2 and #3, which are located on the same block as the subject and are relatively similar to the subject in site size, dwelling size, design, age and some features. These three comparables have improvement assessments ranging from \$24,095 to \$25,643 or from \$15.00 to \$17.17 per square foot of living area. The subject's improvement assessment of \$21,437 or \$12.54 per square foot

of living area falls below the range established by the best comparables in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
