

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Shirley Wolfe
DOCKET NO.: 20-32017.001-R-1
PARCEL NO.: 27-08-213-021-0000

The parties of record before the Property Tax Appeal Board are Shirley Wolfe, the appellant, by Amy C. Floyd, Attorney at Law in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$11,506
IMPR.: \$23,227
TOTAL: \$34,733

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is reported to consist of a 2-story townhome of frame and masonry exterior construction with 1,900 square feet of living area. The dwelling is approximately 31 years old. Features of the home include an unfinished basement, central air conditioning, one fireplace, and a 2-car garage. The property has an 8,219 square foot site and is located in Orland Park, Orland Township, Cook County. The subject is classified as a class 2-95 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the same neighborhood code as the subject property. The comparables are improved with 1-story or 2-story, class 2-95 townhomes of frame and masonry exterior construction ranging in size from 1,521 to 2,300 square feet of living area. The dwellings range in age from 30 to 32 years old. Each comparable has an unfinished basement

and central air conditioning. Three comparables each have one fireplace. The comparables have improvement assessments ranging from \$13,490 to \$20,120 or from \$8.16 to \$8.97 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$16,739 or \$8.81 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$34,733. The subject property has an improvement assessment of \$23,227 or \$12.22 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same neighborhood code and in the same block as the subject property. The comparables are reported to be improved with 1-story or 2-story, class 2-95 townhomes of frame and masonry exterior construction ranging in size from 1,732 to 2,086 square feet of living area. Each comparable has an unfinished basement, central air conditioning, one fireplace, and a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$26,117 to \$27,793 or from \$13.18 to \$16.05 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives most weight to the board of review comparables #1, #2, and #3 which are overall most similar to the subject property in location, design, age, dwelling size, and features. These comparables have improvement assessments ranging from \$26,117 to \$27,498 or from \$13.18 to \$14.00 per square foot of living area. The subject's improvement assessment of \$23,227 or \$12.22 per square foot of living area falls below the range established by the best comparables in this record. The Board gives less weight to the appellant's comparables and board of review comparable #4 which differ from the subject in dwelling size and/or design. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
