

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Charles Odierno
DOCKET NO.: 20-32027.001-R-1
PARCEL NO.: 27-31-309-050-0000

The parties of record before the Property Tax Appeal Board are Charles Odierno, the appellant, by Amy C. Floyd, Attorney at Law in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,003
IMPR.: \$20,694
TOTAL: \$23,697

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of frame and masonry construction containing 1,608 square feet of living area. The dwelling is approximately 19 years old. Features of the home include an unfinished partial basement, central air conditioning, one fireplace, 2½ bathrooms, and an attached two-car garage. The property has a 2,730 square foot site located in Orland Park, Orland Township, Cook County. The subject is classified as a class 2-95 individually owned townhome or row house under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables improved with two-story dwellings of frame and masonry exterior construction each with 1,785 square feet of living area. Each home is 29 years old. Each comparable has a slab foundation, central air conditioning, one fireplace, and two bathrooms. The appellant did

not disclose if the comparables have garages. These properties have the same classification code and neighborhood code as the subject property. Each comparable has an improvement assessment of \$16,455 or \$9.22 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$14,826.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$23,697. The subject property has an improvement assessment of \$20,694 or \$12.87 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables improved with one-story dwellings of masonry or frame and masonry exterior construction that have either 1,641 or 1,692 square feet of living area. Each comparable is 19 years old. Features of each comparable include an unfinished full basement, central air conditioning, one fireplace, 2 or 2½ bathrooms, and a two-car garage. These properties have the same classification code and neighborhood code as the subject property with each being located along the same street and within the same block as the subject property. The comparables have improvement assessments ranging from \$22,396 to \$25,209 or from \$13.24 to \$14.90 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the board of review comparables which are more similar to the subject property in location, style, size, age, and features than are the comparables provided by the appellant. The board of review comparables have improvement assessments that range from \$22,396 to \$25,209 or from \$13.24 to \$14.90 per square foot of living area. The subject's improvement assessment of \$20,694 or \$12.87 per square foot of living area falls below the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
