

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Raymond Bernardin  
DOCKET NO.: 20-32054.001-R-1  
PARCEL NO.: 09-12-202-004-0000

The parties of record before the Property Tax Appeal Board are Raymond Bernardin, the appellant(s), by attorney Amy C. Floyd, Attorney at Law in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$6,570  
**IMPR.:** \$18,602  
**TOTAL:** \$25,172

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

Appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property is improved with a one-story dwelling of masonry construction containing 957 square feet of living area. As of the instant lien date the subject was 64 years old. Features of the home include an unfinished basement, central air conditioning, and a two-car garage. The subject has a 7,300 square foot site and is in Glenview, Maine Township, Cook County.

Appellant's appeal is based on assessment equity, and Appellant submitted information on four suggested comparable one-story dwellings. They are frame construction. Appellant's comparables have slab, partial formal recreation room, and full recreation room basements. Three lack air conditioning. Appellant's comparables range in size from 861 square feet to 950 square feet of living area and improvement assessments from \$10.64 to \$12.42 per square foot of living area. As of the lien date, Appellant's comparables ages range from 63 to 67 years old.

Each comparable has the same neighborhood code as the subject property, with no further evidence on proximity to subject.

The Cook County Board of Review (BOR) submitted its “Board of Review Notes on Appeal” wherein the subject’s final assessment of \$25,172 was disclosed, or \$19.44 per square foot of living area.

The BOR also submitted four equity comparables in support of its final assessment. The properties are described as one-story and 1.5-story dwelling. They are frame, frame-and-masonry, and masonry construction. Two of the BOR comparables have air conditioning. As of the lien date the BOR comparables are range from are all 68 years old. Two have formal recreation room basements; the other two are unfinished. The comparables range from 888 to 992 square feet of building area and have improvement assessments from \$19.01 to \$21.94 per square foot of building area.

### **Conclusion of Law**

Appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds Appellant *did not meet* this burden of proof and a reduction in the subject's assessment *is not* warranted.

The Board finds the best evidence of assessment equity to be BOR comparables 1 and 2 and Appellant’s comparables 2 and 3. All four comparables are similar to the subject’s improvement size. All are within four years of the subject’s age. BOR comparables 1 and 2 have two bedrooms, which is the same as the subject. Appellant failed to disclose the number of bedrooms for the presented comparables. BOR comparables 1 and 2 3 both have a formal recreation room basement, Appellant comparable 2 and a full formal recreation room; Appellant comparable 3 is slab. BOR comparable 1 is listed as on the same block as the subject; BOR comparable 2 is listed as within a quarter mile. Appellant did not disclose the proximity of the presented comparables.

These comparables have improvement assessments that range from \$12.29 to \$20.85 per square foot of living area. The subject's improvement assessment of \$19.44 per square foot of living area falls within the range established by the best comparables in this record. The Board takes special note of BOR comparable 1 – with an assessment of \$20.85 per square foot -- as the BOR disclosed its proximity to the subject as being on the same block.

Based on this record, the Board finds Appellant *did not* demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment *is not* justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
