

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kevin Grelecki
DOCKET NO.: 20-32073.001-R-1
PARCEL NO.: 09-27-131-006-0000

The parties of record before the Property Tax Appeal Board are Kevin Grelecki, the appellant(s), by attorney Amy C. Floyd, Attorney at Law in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,610
IMPR.: \$61,103
TOTAL: \$66,713

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

Appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story dwelling of frame construction containing 3,056 square feet of living area. As of the instant lien date the subject was 13 years old. Features of the home include a formal recreation room basement, central air conditioning, and a two-car garage. The subject has a 6,600 square foot site and is in Park Ridge, Maine Township, Cook County.

Appellant's appeal is based on assessment equity, and Appellant submitted information on four suggested comparable two-story dwellings. They are masonry construction. Appellant's comparables have full unfinished and partial unfinished basements. All four have air conditioning. Appellant's comparables range in size from 2,810 square feet to 3,290 square feet of living area and improvement assessments from \$17.69 to \$18.44 per square foot of living area. As of the lien date, Appellant's comparables ages range from 13 to 23 years old. Each

comparable has the same neighborhood code as the subject property, with no further evidence on proximity to subject.

The Cook County Board of Review (BOR) submitted its “Board of Review Notes on Appeal” wherein the subject’s final assessment of \$66,713 was disclosed, or \$19.99 per square foot of living area.

The BOR also submitted four equity comparables in support of its final assessment. The properties are described as two-story dwellings; one is located within a quarter mile of the subject while the other three are within the same subarea. They are all frame construction. They all have air conditioning. As of the lien date the BOR comparables arrange from four to twelve years old. Three have a formal recreation room basement; the fourth is unfinished. The comparables range from 2,522 to 3,044 square feet of building area and have improvement assessments from \$20.66 to \$27.54 per square foot of building area.

Conclusion of Law

Appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds Appellant *did not meet* this burden of proof and a reduction in the subject's assessment *is not* warranted.

The Board finds the best evidence of assessment equity to be BOR comparable 1 and Appellant comparables 2 and 3. All three comparables are similar to the subject’s improvement size. BOR comparable 1 is twelve square feet smaller than the subject. Appellant comp 2 is 62 square feet smaller; Appellant comparable 3 is 98 square feet larger. Appellant comparable 2 is nine years older than the subject whereas Appellant comparable 3 is the same age as the subject. BOR comparable 1 is six years younger than the subject. All three comparables are frame construction, same as the subject. BOR comparable 1 is located within a quarter mile of the subject. Appellant did not disclose the presented comparables’ proximities to the subject.

These three comparables have improvement assessments that range from \$18.08 to \$20.66 per square foot of living area. The subject's improvement assessment of \$19.99 per square foot of living area falls squarely within the range established by the best comparables in this record.

Based on this record, the Board finds Appellant *did not* demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment *is not* justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
