

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Louis Mini  
DOCKET NO.: 20-32088.001-R-1  
PARCEL NO.: 18-19-205-045-0000

The parties of record before the Property Tax Appeal Board are Louis Mini, the appellant, by Amy C. Floyd, Attorney at Law in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***no change*** in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$16,073  
**IMPR.:** \$46,420  
**TOTAL:** \$62,493

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame and masonry exterior construction with 2,984 square feet of living area. The dwelling is approximately 60 years old. Features of the home include a partial basement with finished area, central air conditioning, two fireplaces and a two-car garage.<sup>1</sup> The property has an approximately 23,813 square foot site and is located in Indian Head Park, Lyons Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that have the same neighborhood code as the subject property. The comparables are class 2-78 properties that are improved with two-story dwellings of frame or frame and

<sup>1</sup> The appellant reported in Section III of the appeal petition that the subject has a two-car garage, which was also reported by the board of review in its grid analysis.

masonry exterior construction ranging in size from 3,159 to 3,476 square feet of living area. The dwellings 51 to 56 years old. Each comparable has a partial unfinished basement and central air conditioning. Three comparables each have a fireplace. No garage data was provided by the appellant in the grid analysis with respect to the subject or the comparables. The comparables have improvement assessments that range from \$33,687 to \$47,615 or from \$9.69 to \$14.10 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$39,120 or \$13.11 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$62,493. The subject property has an improvement assessment of \$46,420 or \$15.56 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that have the same neighborhood code as the subject property. The comparables are class 2-78 properties that are improved with two-story dwellings of frame and masonry exterior construction ranging in size from 2,440 to 3,064 square feet of living area. The dwellings are 52 to 62 years old. The comparables each have a full or partial basement, two of which have finished area. Each comparable has central air conditioning, one to three fireplaces and a two-car garage. The comparables have improvement assessments that range from \$41,054 to \$49,024 or from \$15.66 to \$16.83 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparable properties for the Board's consideration. The Board has given less weight to the appellant's comparables #1 and #3, as well as board of review comparables #1 and #4 which are less similar to the subject in dwelling size than are the remaining comparables in the record.

The Board finds the best evidence of assessment equity to be the appellant's comparables #2 and #4, along board of review comparables #2 and #3, which are similar to the subject in location, dwelling size, design and age. However, the Board finds these comparables have varying degrees of similarity to the subject in features such as basement finish and garages, if any, suggesting adjustments would be required to make the comparables more equivalent to the subject. Nevertheless, the comparables have improvement assessments that range from \$40,418 to \$49,024 or from \$12.48 to \$16.00 per square foot of living area. The subject's improvement assessment of \$46,420 or \$15.56 per square foot of living area falls within the range established by the best comparables in the record. Based on this record and after considering adjustments to

the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
