

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael Szablewski
DOCKET NO.: 20-32090.001-R-1
PARCEL NO.: 18-25-422-008-0000

The parties of record before the Property Tax Appeal Board are Michael Szablewski, the appellant, by Amy C. Floyd, Attorney at Law in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,192
IMPR.: \$16,586
TOTAL: \$19,778

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a multi-level dwelling of masonry exterior construction with 1,125 square feet of living area. The dwelling is approximately 56 years old. Features of the home include a partial basement with finished area, central air conditioning and a two-car garage.¹ The property has an approximately 7,980 square foot site and is located in Bridgeview, Lyons Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that have the same neighborhood code as the subject property. The comparables

¹ The appellant reported in Section III of the appeal petition that the subject has a two-car garage, which was also reported by the board of review in its grid analysis.

are class 2-34 properties that are improved with multi-level dwellings of frame or masonry exterior construction ranging in size from 1,344 to 1,464 square feet of living area. The dwellings 61 or 66 years old. Each comparable has a partial basement with finished area, three comparables have central air conditioning and one comparable has a fireplace. No garage data was provided by the appellant in the grid analysis with respect to the subject or the comparables. The comparables have improvement assessments that range from \$15,330 to \$16,470 or from \$10.47 to \$11.76 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$12,836 or \$11.41 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$19,778. The subject property has an improvement assessment of \$16,586 or \$14.74 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that have the same neighborhood code as the subject property. The comparables are class 2-34 properties that are improved with multi-level dwellings of masonry or frame and masonry exterior construction ranging in size from 1,107 to 1,246 square feet of living area. The dwellings are 30 to 60 years old. Each comparable has a partial basement with finished area, two comparables have central air conditioning, two comparables each have a fireplace and three comparables each have a two-car garage. The comparables have improvement assessments that range from \$16,951 to \$20,192 or from \$15.00 to \$17.82 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparable properties for the Board's consideration. The Board has given less weight to the appellant's comparables which are less similar to the subject in dwelling size than are the comparables submitted by the board of review. The Board has given reduced weight to board of review comparable #1 due to its newer dwelling age when compared to the subject.

The Board finds the best evidence of assessment equity to be board of review comparables #2, #3 and #4, which are similar to the subject in location, dwelling size, design and age. However, the Board finds two of the three comparables lack central air conditioning and one comparable lacks a garage, both features of the subject, suggesting upward adjustments would be required to make the comparables more equivalent to the subject. Nevertheless, the comparables have

improvement assessments that range from \$16,951 to \$19,047 or from \$15.00 to \$15.31 per square foot of living area. The subject's improvement assessment of \$16,586 or \$14.74 per square foot of living area falls below the range established by the best comparables in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
