

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Cesar Rios
DOCKET NO.: 20-32101.001-R-1
PARCEL NO.: 16-28-214-004-0000

The parties of record before the Property Tax Appeal Board are Cesar Rios, the appellant, by attorney Amy C. Floyd, Attorney at Law in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,263
IMPR.: \$13,335
TOTAL: \$16,598

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 2,146 square feet of living area. The dwelling is 104 years old. Features of the home include a full basement and a two-car garage.¹ The property has a 3,528 square foot site and is located in Cicero, Cicero Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables improved with one, one and one-half story and three, two-story, class 2-11 dwellings of frame or brick exterior construction that range in size from 1,852 to 2,220 square feet of living area. The homes range in age from 104 to 112 years old. Three of the comparables

¹ The appellant did not list a garage for the subject dwelling; however, the board of review listed a two-car garage for the subject dwelling, which was not refuted by the appellant.

have a full basement with two having finished area, while one comparable has a slab foundation. The comparables have the same assessment neighborhood code as the subject and have improvement assessments that range from \$7,996 to \$10,359 or from \$4.32 to \$4.67 per square foot of living area.² The appellant requested the subject's improvement assessment be reduced to \$9,636.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$16,598. The subject property has an improvement assessment of \$13,335 or \$6.21 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables improved with two-story, class 2-11 dwellings of frame exterior construction that range in size from 1,992 to 2,150 square feet of living area. The homes are from 110 to 117 years old. Each comparable has a full basement and a two-car garage. The comparables have the same assessment neighborhood code as the subject and are located either on the same block or within one-fourth of a mile from the subject property. The comparables have improvement assessments that range from \$13,761 to \$16,394 or from \$6.67 to \$8.07 per square foot of living area.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight equity comparables submitted by the parties to support their respective positions. The Board gives less weight to the appellant's comparables #1 and #3 due to differences from the subject dwelling in size and/or amenities. The Board gives less weight to the board of review's comparable #1 based on differences from the subject dwelling in terms of size. The Board finds the best evidence of assessment equity to be the remaining comparables. These comparables are relatively similar to the subject dwelling in terms of size, age, location, although adjustments to some of the comparables, to account for differences in some features, would be needed to make them more equivalent to the subject. These comparables are from 104 to 117 years old, range in size from 2,032 to 2,220 square feet of living area and have improvement assessments ranging from \$9,604 and \$16,394 or from \$4.34 to \$8.07 per square foot of living area. The subject's improvement assessment of \$13,335 or \$6.21 per square foot of living area falls within the range established by the best comparables in the record. Based on this

² The Board notes that although the appellant's comparables have the same assessment neighborhood code as the subject dwelling, there was nothing in the record indicating the location of the comparables in relation to the subject property.

evidence and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
