

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kevin Halleran  
DOCKET NO.: 20-32308.001-R-1  
PARCEL NO.: 27-09-305-010-0000

The parties of record before the Property Tax Appeal Board are Kevin Halleran, the appellant, by Mary Kate Gorman, Attorney at Law in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$3,562  
**IMPR.:** \$14,412  
**TOTAL:** \$17,974

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of frame construction with 1,073 square feet of living area. The dwelling is approximately 62 years old. Features of the home include a slab foundation, one bathroom, and an attached one-car garage. The property has a 7,500 square foot site located in Orland Park, Orland Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables improved with one-story dwellings of frame construction that range in size from 1,125 to 1,305 square feet of living area. The homes range in age from 60 to 92 years old. Two comparables have a full or partial basement with finished area, two comparables have central air conditioning, one comparable has a fireplace, and two comparables have a one-car or a two-car attached garage. The comparables have 1 or 2 full bathrooms and one comparable has an

additional ½ bathroom. These properties have the same assessment neighborhood code as the subject and are located from approximately .40 to .69 of a mile from the subject property. Their improvement assessments range from \$5,765 to \$12,485 or from \$4.42 to \$9.57 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$7,468.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$17,974. The subject property has an improvement assessment of \$14,412 or \$13.43 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables improved with one-story dwellings of frame construction that have either 1,073 or 1,074 square feet of living area. The homes are 62 or 63 years old. Each property has a slab foundation, one comparable has central air conditioning, each home has one bathroom, and each property has a one-car garage. The comparables have the same classification code and neighborhood code as the subject property. The comparables are located within ¼ of a mile from the subject property. These properties have improvement assessments that range from \$14,461 to \$14,620 or from \$13.48 to \$13.63 per square foot of living area.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the board of review comparables, which are more similar to the subject in location, size, age, and features than are the comparables provided by the appellant. The board of review comparables have improvement assessments that range from \$14,461 to \$14,620 or from \$13.48 to \$13.63 per square foot of living area. The subject's improvement assessment of \$14,412 or \$13.43 per square foot of living area falls below the range established by the best comparables in this record, demonstrating the subject property is not being inequitably assessed. Less weight is given to the appellant's comparables due to differences from the subject in location, age, dwellings size, foundation, and/or lack of a garage. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
