

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jamal Ali
DOCKET NO.: 20-32358.001-R-1
PARCEL NO.: 27-32-402-020-0000

The parties of record before the Property Tax Appeal Board are Jamal Ali, the appellant, by attorney Ellen G. Berkshire, of Verros Berkshire, PC in Oakbrook Terrace; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,245
IMPR.: \$29,605
TOTAL: \$36,850

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 3,109 square feet of living area. The dwelling is approximately 25 years old. Features of the home include a full unfinished basement, central air conditioning, one fireplace, and a 3-car garage. The property has a 12,600 square foot site and is located in Orland Park, Orland Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity regarding the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with class 2-78 dwellings of frame and masonry exterior construction ranging in size from 3,176 to 3,605 square feet of living area. The comparables are 27 or 30

years old and have partial or full unfinished basements. The comparables each have central air conditioning, one fireplace, and a 2-car or 3-car garage. The comparables have improvement assessments ranging from \$24,822 to \$28,236 or from \$7.73 to \$7.83 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$36,850. The subject property has an improvement assessment of \$29,605 or \$9.52 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located on the within ¼ of a mile from subject property and within the same assessment neighborhood code as the subject. The comparables are improved with class 2-78, 2-story dwellings of masonry exterior construction ranging in size from 2,816 to 3,002 square feet of living area. The comparables are 26 to 29 years old and have partial or full basements, one of which is finished with a recreation room. Each comparable has central air conditioning, one fireplace and a 2-car or a 3-car garage. The comparables have improvement assessments ranging from \$28,504 to \$30,556 or from \$9.68 to \$10.18 per square foot of living area.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight equity comparables for the Board's consideration. The Board gives less weight to appellant's comparables #1, #2 and #4 which are less similar to the subject in dwelling size. The Board gives less weight to board of review comparable #4 which has finished basement area when compared to the subject's unfinished basement.

The Board finds the best evidence of assessment equity to be appellant's comparable #3 and board of review comparables #1, #2 and #3 which are more similar to the subject in location, age, dwelling size and features. These comparables have improvement assessments ranging from \$24,822 to \$28,672 or from \$7.82 to \$10.12 per square foot of living area. The subject's improvement assessment of \$29,605 or \$9.52 per square foot of living area falls within the range established by the best comparables in this record on a square foot basis but slightly higher on an overall basis which is justified considering subject's larger dwelling size and/or larger garage. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
