

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: James Farrell
DOCKET NO.: 20-33257.001-R-1
PARCEL NO.: 05-18-228-035-0000

The parties of record before the Property Tax Appeal Board are James Farrell, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$30,694
IMPR.: \$86,294
TOTAL: \$116,988

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry construction. Features of the home include a partial basement, central air conditioning, four fireplaces, and a two-car garage. The property has a 13,642 square foot site located in New Trier Township, Cook County. The subject is classified as a class 2-09 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables. The appellant contends the subject contains approximately 4,550 square feet of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$145,000. The subject property has an improvement assessment of \$114,306 or \$22.68 per square foot of living area based on 5,040 square feet of living area. In

support of its contention of the correct assessment the board of review submitted information on four equity comparables and four sale comparables.

In written rebuttal, the appellant differentiated the board of review's comparable properties from the subject property.

At hearing, the appellant stated the board of review's records overstate the living area of the subject. He testified the subject property contains approximately 4,550 square feet of living area. He applied for a Certificate of Error resulting in a reduction of the subject's square footage of living area. The appellant stated his comparable #1 is almost identical to the subject property. The board of review's representative presented the board of review's comparable properties. In rebuttal, the appellant stated the board's comparable properties are superior to the subject property.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

Initially, the Board takes judicial notice of the cook county assessor's office current property description of the subject which indicate the subject contains 4,561 square feet of living area. The Board finds the best evidence of assessment equity to be the appellant's comparables #1, #2, and #3. These comparables had improvement assessments that ranged from \$18.13 to \$18.33 per square foot of living area. The subject's improvement assessment of \$25.06 per square foot of living area, based on 4,561 square feet of living area, which falls above the range established by the best comparables in this record. Based on this record the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
