

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: BBH Properties LLC  
DOCKET NO.: 20-33535.001-R-1  
PARCEL NO.: 30-17-409-018-0000

The parties of record before the Property Tax Appeal Board are BBH Properties LLC, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$2,082  
**IMPR.:** \$5,021  
**TOTAL:** \$7,103

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 1-story dwelling of frame and masonry exterior construction with 947 square feet of living area. The dwelling is approximately 69 years old. Features of the home include a full unfinished basement, 1.5 baths and a 1-car garage. The property has a 5,950 square foot site and is located in Calumet City, Thornton Township, Cook County. The subject is classified as a class 2-02 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity concerning the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject. The comparables are class 2-02 properties improved with dwellings of frame exterior construction ranging in size from 868 to 978 square feet of living area. The dwellings are 70 to 122 years old and have full

unfinished basements. Each home has central air conditioning, 1 or 1.5 baths, and a 1-car garage. The comparables have improvement assessments ranging from \$4,090 to \$4,875 or from \$4.50 to \$4.98 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$7,103. The subject property has an improvement assessment of \$5,021 or \$5.30 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables with the same assessment neighborhood code as the subject. The comparables are class 2-02 properties improved with 1-story or 1.5-story dwellings of frame, masonry, or frame and masonry exterior construction ranging in size from 896 to 960 square feet of living area. The dwellings are either 67 or 71 years old and have full basements, with one having finished area. Each comparable has a bath. Comparable #3 has central air conditioning. Three comparables each have a 2-car or a 2.-5-car garage. The comparables have improvement assessments ranging from \$5,322 to \$5,707 or from \$5.69 to \$6.36 per square foot of living area.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight equity comparables for the Board's consideration. The Board gives less weight to appellant's comparables #2 and #4 which are significantly older dwellings than the subject. The Board gives less weight to board of review comparable #2 due to its lack of a garage which is a feature of the subject and to board of review comparable #3 which has finished basement area, a feature the subject lacks.

The Board finds the best evidence of assessment equity to be appellant's comparables #1 and #3 as well as board of review comparables #1 and #4 which are more similar to the subject in location, age and dwelling size and have varying degrees of similarity to the subject in features. These comparables have improvement assessments ranging from \$4,090 to \$5,548 or from \$4.50 to \$6.08 per square foot of living area. The subject's improvement assessment of \$5,021 or \$5.30 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not prove by clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
