

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: BBH Properties LLC
DOCKET NO.: 20-33539.001-R-1
PARCEL NO.: 30-31-208-038-0000

The parties of record before the Property Tax Appeal Board are BBH Properties LLC, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,343
IMPR.: \$7,380
TOTAL: \$9,723

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of masonry exterior construction with 945 square feet of living area. The dwelling is approximately 66 years old. Features of the home include a slab foundation and a 2.5-car garage. The property has a 6,250 square foot site and is located in Lansing, Thornton Township, Cook County. The subject is classified as a class 2-02 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables with the same assessment neighborhood code. The comparables are class 2-02 properties improved with dwellings of masonry exterior construction ranging in size from 768 to 980 square feet of living area. The dwellings are 66 to 71 years old and have slab foundations. Each comparable has central air conditioning and a 1.5-car or a 2-car garage. The comparables have improvement

assessments ranging from \$4,478 to \$7,391 or from \$5.83 to \$7.64 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$9,723. The subject property has an improvement assessment of \$7,380 or \$7.81 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables with the same assessment neighborhood code as the subject. The comparables are class 2-02 properties improved with 1-story dwellings of frame, masonry, or frame and masonry exterior construction ranging in size from 912 to 995 square feet of living area. The dwellings are 65 to 83 years old. Two comparables have full basements and two comparables have slab foundations. Three comparables have central air conditioning. Each comparable has a 1.5-car or a 2-car garage. The comparables have improvement assessments ranging from \$7,217 to \$7,787 or from \$7.64 to \$8.24 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight comparables for the Board's consideration. The Board gives less weight to appellant's comparables #1 and #2 due to differences in dwelling size when compared to the subject. The Board gives less weight to board of review comparables #2 and #3 due to differences from the subject in foundation type and/or age.

The Board finds the best evidence of assessment equity to be appellant's comparables #3 and #4 along with board of review comparables #1 and #4 which overall are more similar to the subject in location, age and dwelling size. However, each comparable has central air conditioning, suggesting downward adjustments are necessary to make them more equivalent to the subject. Likewise, each comparable has less garage capacity, suggesting upward adjustments are necessary to make them more equivalent to the subject. The comparables have improvement assessments ranging from \$7,167 to \$7,391 or from \$7.31 to \$7.80 per square foot of living area. The subject's improvement assessment of \$7,380 or \$7.81 per square foot of living area is within the range on an overall basis and just \$.01 higher on a square foot basis. However, after considering adjustments to the best comparables for differences when compared to the subject the Board finds the subject's improvement assessment is supported. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
