

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: GCIY Properties LLC
DOCKET NO.: 20-33545.001-R-1
PARCEL NO.: 30-29-322-053-0000

The parties of record before the Property Tax Appeal Board are GCIY Properties LLC, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$1,921
IMPR.: \$6,166
TOTAL: \$8,087

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of frame exterior construction with 1,117 square feet of living area. The dwelling is approximately 69 years old. Features of the home include a basement with finished area, central air conditioning and a 2-car garage. The property has a 5,125 square foot site and is located in Lansing, Thornton Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables that have the same assessment neighborhood code as the subject. The comparables are improved with class 2-03 dwellings of frame exterior construction ranging in size from 1,152 to 1,555 square feet of living area. The dwellings are from 63 to 102 years old. Each comparable has a

basement with finished area, central air conditioning, and a 2-car garage. The comparables have improvement assessments ranging from \$5,659 to \$7,430 or from \$4.27 to \$4.93 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$5,272 or \$4.72 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$8,087. The subject property has an improvement assessment of \$6,166 or \$5.52 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four comparables, two of which have the same assessment neighborhood code as the subject. The comparables are improved with class 2-03, 1-story or 1.5-story dwellings of frame or frame and masonry exterior construction ranging in size from 1,089 to 1,323 square feet of living area. The dwellings are from 48 to 73 years old. One comparable has concrete slab foundation, and three comparables each have a basement with one having finished area. Three comparables each have central air conditioning, and each comparable has either a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$5,359 to \$7,799 or from \$4.05 to \$6.84 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2 and #4 along with board of review comparables #1, #3 and #4 due to differences in the design, ages and/or dwelling sizes when compared to the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are most similar to the subject in location, age, dwelling size, and most features. These two comparables have improvement assessments of \$5,659 and \$7,799 or \$4.91 and \$6.65 per square foot of living area. The subject's improvement assessment of \$6,166 or \$5.52 per square foot of living area falls is bracketed by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
