

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Techno Magnetic Media & Computer Supplies, Inc.
DOCKET NO.: 20-33642.001-R-1
PARCEL NO.: 15-08-208-005-0000

The parties of record before the Property Tax Appeal Board are Techno Magnetic Media & Computer Supplies, Inc., the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$1,732
IMPR.: \$11,845
TOTAL: \$13,577

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of frame exterior construction with 2,090 square feet of living area. The dwelling is approximately 71 years old. Features of the home include a full unfinished basement, central air conditioning, and a 2-car garage. The property has a 3,150 square foot site and is located in Bellwood, Proviso Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three comparables that are located within the same assessment neighborhood code as the subject. The comparables are improved with class 2-11, multi-family dwellings of frame exterior construction ranging in size from 2,624 to 2,814 square feet of living area. The dwellings range in age from 110 to 132

years old. Each comparable has a full unfinished basement and central air conditioning. One comparable has a 1-car garage. The comparables have improvement assessments that range from \$13,644 to \$14,128 or from \$4.93 to \$5.21 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$13,577. The subject property has an improvement assessment of \$11,845 or \$5.67 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with class 2-11, 1-story, 1.5-story or 2-story multi-family dwellings of masonry or frame exterior construction ranging in size from 1,632 to 3,736 square feet of living area. The dwellings are 57 to 110 years old and have full basements, one of which is finished with a recreation room. Comparables #3 and #4 each have a 2-car garage. The comparables have improvement assessments that range from \$1,316 to \$25,179 or from \$.63 to \$8.19 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains seven suggested equity comparables for the Board's consideration, none of which are truly similar to the subject except for board of review comparable #4. However, this comparable is an outlier due to its considerably lower improvement assessment than the other comparables in the record. The remaining six comparables have significant differences from the subject in age, dwelling size and/or features. Nevertheless, these six comparables have improvement assessments that range from \$13,369 to \$25,179 or from \$4.93 to \$8.19 per square foot of living area. The subject's improvement assessment of \$11,845 or \$5.67 per square foot of living area falls within the range established by the comparables in the record. After considering adjustments to the comparables for differences from the subject in age, dwelling size and features, the Board finds the subject is equitably assessed. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
