

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Hardik Bhatt
DOCKET NO.: 20-33685.001-R-1
PARCEL NO.: 13-05-307-035-0000

The parties of record before the Property Tax Appeal Board are Hardik Bhatt, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,840
IMPR.: \$15,213
TOTAL: \$23,053

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of frame exterior construction with 912 square feet of living area. The dwelling is 64 years old. Features of the home include a concrete slab foundation. The property has a 4,900 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-02 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the subject's improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four comparable properties that are located within the same neighborhood code as the subject. The comparables are improved with class 2-02 dwellings of frame exterior construction ranging in size from 861 to 998 square feet of living area. The dwellings range in age from 66 to 102 years old. Each comparable has a concrete slab foundation and central air conditioning. Two

comparables have either a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$9,276 to \$14,552 or from \$10.38 to \$15.96 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$11,892 or \$13.04 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$23,053. The subject property has an improvement assessment of \$15,213 or \$16.68 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four comparable properties that are located within the same neighborhood code as the subject. The comparables are improved with 1-story, class 2-02 dwellings of frame exterior construction that range in size from 788 to 938 square feet of living area. The dwellings range in age from 63 to 78 years old. Three comparables each have a concrete slab foundation and one comparable has a basement. Each comparable has either a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$17,409 to \$20,630 or from \$21.64 to \$22.30 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends improvement assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparable properties for the Board's consideration. The Board finds the best evidence of assessment equity to be the appellant's comparables #2 and #4 as well as board of review comparables #1 and #2 which are similar to the subject in location, age, dwelling size, and some features. These comparables have improvement assessments ranging from \$9,276 to \$20,630 or from \$10.38 to \$22.30 per square foot of living area. The subject's improvement assessment of \$15,213 or \$16.68 per square foot of living area falls within the range established by the best comparables in the record. The Board gives less weight to the appellant's comparables #1 and #3 as well as board of review's comparables #3 and #4 due to their older ages when compared to the subject. Additionally, board of review comparable #4 has a basement foundation, unlike the subject's concrete slab foundation. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement is inequitably assessed and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
