Statement of Jurisdiction

Appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of four PINs improved with a 27-years-old, one-story, four-unit commercial building, with 14,983 square feet of building area, used for the storage of furniture. The property has a 49,913 square foot site and is located in Calumet City, Thornton Township, Cook County. The property is a class 5 property under the Cook County Real Property Assessment Classification Ordinance.

Appellant contends overvaluation as the basis of the appeal. In support of this argument, appellant submitted an appraisal report the subject property. The appraiser estimated the subject property had a total market value of \$490,000, after appropriate adjustments, as of January 1, 2020. The appraiser utilized the sales comparison approach based on four sales comparables.

Appellant also submitted a copy of the board of review's written decision providing for a total assessed valuation for the subject property of \$164,813. Based on this evidence, appellant requests the subject property's assessment be reduced to \$122,500.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject property of \$164,813. The subject's assessment reflects a market value of \$659,252, or \$44.21 per square foot of building area, including land, when applying the level of assessments for class 5 property under the Cook County Real Property Assessment Classification Ordinance of 25%.

This matter was set to proceed to hearing. Prior to hearing, the parties submitted a written request to waive hearing and for this matter be written on the evidence previously submitted. The administrative law judge granted the parties' request.

Conclusion of Law

Appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds appellant *did meet* this burden of proof and a reduction in the subject's assessment *is* warranted.

The Board finds the best evidence of market value to be *the appraisal submitted by appellant*. The appraiser estimated the subject property had a total market value of \$490,000, after appropriate adjustments, as of January 1, 2020. The appraiser utilized the sales comparison approach based on four sales comparables. The subject's total assessment of \$164,813 reflects a market value above the best evidence of market value in the record. The Board finds the subject property had a market value of \$490,000 as of the assessment date at issue. Since market value has been established the level of assessment for class 5 property under the Cook County Real Property Assessment Classification Ordinance of 25% shall apply. (86 Ill.Admin.Code §1910.50(c)(2)).

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
