

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Christopher Ernst  
DOCKET NO.: 20-33980.001-R-1  
PARCEL NO.: 18-07-310-017-0000

The parties of record before the Property Tax Appeal Board are Christopher Ernst, the appellant, by attorney Joanne Elliott, of Elliott & Associates Attorneys, PLLC in Des Plaines; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$25,810  
**IMPR.:** \$169,250  
**TOTAL:** \$195,060

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of frame and masonry exterior construction with 5,927 square feet of living area. The dwelling is 22 years old. Features of the home include an unfinished basement, central air conditioning, and a fireplace.<sup>1</sup> The property has a 21,966 square foot site and is located in Hinsdale, Lyons Township, Cook County. The subject is classified as a class 2-09 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on six equity comparables located within .22 of a mile of the subject and within the subject's assessment

neighborhood. The comparables consist of 2-story class 2-09 dwellings of frame or masonry exterior construction ranging in size from 5,379 to 6,282 square feet of living area. The homes are 15 to 31 years old. Each dwelling has central air conditioning, one to four fireplaces,<sup>2</sup> a basement with two having finished area, and either a 2-car, 3-car, or 4-car garage. The comparables have improvement assessments ranging from \$119,878 to \$147,130 or from \$21.14 to \$25.26 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$137,743 or \$23.24 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$195,060. The subject property has an improvement assessment of \$169,250 or \$28.56 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the subject's assessment neighborhood, two of which are .25 of a mile from the subject. The comparables consist of 2-story class 2-09 dwellings of masonry or frame and masonry exterior construction ranging in size from 5,652 to 6,122 square feet of living area. The homes are 19 or 21 years old. Each dwelling has central air conditioning, three or four fireplaces, a basement with three having finished area, and a 2.5-car, 3-car, or 3.5-car garage. The comparables have improvement assessments ranging from \$172,386 to \$200,856 or from \$29.49 to \$33.53 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of ten equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to the appellant's comparables #1 and #3, as well as board of review comparables #1, #2, and #3, which feature finished basement area unlike the subject.

The Board finds the best evidence of assessment equity to be appellant's comparables #2, #4, #5, and #6 along with board of review comparable #4, which are similar to the subject in age, location, dwelling size, and features. These comparables have improvement assessments that range from \$119,878 to \$200,856 or from \$22.20 to \$33.53 per square foot of living area. The subject's improvement assessment of \$169,250 or \$28.56 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and

after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
