

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Dale Salzman
DOCKET NO.: 20-34295.001-R-1
PARCEL NO.: 10-32-209-031-0000

The parties of record before the Property Tax Appeal Board are Dale Salzman, the appellant, by attorney Ellen G. Berkshire, of Verros Berkshire in Oakbrook Terrace; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,721
IMPR.: \$34,686
TOTAL: \$43,407

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 1,924 square feet of living area. The dwelling is approximately 79 years old. Features of the home include an unfinished basement, a fireplace, and a 1-car garage. The property has a 6,460 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject dwelling is classified as a Class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables located within the same neighborhood code as the subject and from 75 feet to 0.8 of a mile from the subject. The comparables are improved with class 2-05 dwellings of masonry exterior construction ranging in size from 1,829 to 2,086 square feet of living area. The dwellings range

in age from 67 to 78 years old. Three comparables have basements, two of which have finished area, and one comparable has a concrete slab foundation. Three comparables each have central air conditioning, and three comparables each have one or two fireplaces and either a 1-car or a 1.5-car garage. The comparables have improvement assessments ranging from \$24,787 to \$32,559 or from \$12.46 to \$15.62 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$24,648 or \$14.37 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$43,407. The subject property has an improvement assessment of \$34,686 or \$18.03 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four comparables located within the same neighborhood code as the subject property. The board of review reported the furthest comparable is about .25 of a mile from the subject. The comparables are improved with class 2-05, two-story dwellings of masonry exterior construction ranging in size from 1,550 to 1,891 square feet of living area. The dwellings range in age from 69 to 77 years old. Each comparable has a basement, two of which have finished area, one or two fireplaces, and a 1-car or a 2-car garage. Three comparables each have central air conditioning. The comparables have improvement assessments ranging from \$32,550 to \$43,432 or from \$19.32 to \$25.93 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1 through #3 and the board of review comparables #1, #3 and #4 due to differences in their dwelling size, basement finished, or lack of a basement when compared to the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables, which are similar to the subject in dwelling size, age, and basement finish, but have varying degrees of similarity in other features. These two comparables have improvement assessments of \$32,559 and \$41,058 or \$15.62 and \$22.39 per square foot of living area, respectively. The subject's improvement assessment of \$34,686 or \$18.03 per square foot of living area is bracketed by the two best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not

demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
