

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Miroslaw Dembicki  
DOCKET NO.: 20-34848.001-R-1  
PARCEL NO.: 18-36-104-025-0000

The parties of record before the Property Tax Appeal Board are Miroslaw Dembicki, the appellant, by attorney Andrew S. Dziuk, of Andrew Dziuk, Esq. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **a reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$3,192  
**IMPR.:** \$12,475  
**TOTAL:** \$15,667

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 1-story dwelling of masonry exterior construction with 1,250 square feet of living area. The dwelling is approximately 62 years old. Features of the home include a crawl-space foundation, one fireplace and a 2-car garage. The property has a 7,980 square foot site and is located in Bridgeview, Lyons Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted four equity comparables that are located in the same assessment neighborhood code as the subject property. The comparables are improved with class 2-03, 1-story dwellings of masonry exterior construction ranging in size from 1,144 to 1,456 square feet of living area. The dwellings range in age from 59 to 71 years old. Two comparables each have an unfinished basement and two comparables each have a crawl-space foundation. Two comparables have central air conditioning and three comparables

each have a 2-car garage. The comparables have improvement assessments that range from \$11,337 to \$13,644 or from \$9.37 to \$10.06 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$11,712 or \$9.37 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$16,617. The subject property has an improvement assessment of \$13,425 or \$10.74 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with either class 2-03 or 2-34, 1-story or multi-level dwellings of masonry or frame and masonry exterior construction ranging in size from 1,025 to 1,139 square feet of living area. The dwellings range in age from 49 to 61 years old. Three comparables each have a basement with finished area with one comparable having a crawl-space foundation. Each comparable has central air conditioning and either a 2-car or a 2.5-car garage. One comparable has one fireplace. The comparables have improvement assessments that range from \$15,225 to \$16,963 or from \$13.37 to \$15.86 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The record contains eight suggested equity comparables for the Board's consideration. The Board has given less weight to appellant's comparables #1 and #3 as well as the board of review comparables due to their feature of central air conditioning, an amenity the subject lacks.

The Board finds the best evidence of assessment equity to be appellant's comparables #3 and #4. The Board finds that these comparables are most similar to the subject in location, design, age, dwelling size and some features. However, the appellant's comparable #4 has a basement when compared to the subject's crawl-space foundation, suggesting downward adjustments would be required to make this comparable more equivalent to the subject. Nevertheless, these two most similar comparables have improvement assessments of \$11,337 and \$12,324 or \$9.91 and \$10.06 per square foot of living area. The subject's improvement assessment of \$13,425 or \$10.74 per square foot of living area, falls above the improvement assessment of the two best comparables in this record. Based on this record and after considering adjustments to the comparables for differences from the subject, the Board finds the appellant did demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
