

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Paola Prudente
DOCKET NO.: 20-34880.001-R-1
PARCEL NO.: 16-28-407-023-0000

The parties of record before the Property Tax Appeal Board are Paola Prudente, the appellant, by attorney Andrew S. Dziuk, of Andrew Dziuk, Esq. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,023
IMPR.: \$13,891
TOTAL: \$17,914

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story multi-family building of frame exterior construction with 1,804 square feet of building area. The dwelling is approximately 119 years old. Features of the home include a basement with finished area, full unfinished attic and a 2-car garage. The property has a 4,350 square foot site and is located in Cicero, Cicero Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted four equity comparables that are located in the same assessment neighborhood code as the subject property. The comparables are improved with class 2-11, 1-story or 2-story multi-family buildings of frame exterior construction ranging in size from 1,820 to 2,088 square feet of building area. The dwellings range in age from 111 to 130 years old. Two comparables each have an unfinished basement and two comparables each have a crawl-space foundation. Each comparable has an attic, one with

living area. One comparable has a 2-car garage. The comparables have improvement assessments that range from \$9,589 to \$10,530 or from \$4.88 to \$5.27 per square foot of building area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$8,804 or \$4.88 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$17,914. The subject property has an improvement assessment of \$13,891 or \$7.70 per square foot of building area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with class 2-11, 2-story multi-family dwellings of masonry exterior construction ranging in size from 2,061 to 3,531 square feet of building area. Each comparable is 107 years old. Each comparable has a basement, one finished with apartment. Two comparables have central air conditioning and three comparables each have a 2-car garage. The comparables have improvement assessments that range from \$16,898 to \$28,932 or from \$4.86 to \$12.36 per square foot of building area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight suggested equity comparables for the Board's consideration. The Board has given less weight to appellant's comparables #1 and #2 as well as board of review comparables #1, #3 and #4 due to their dissimilar foundations and/or larger building size when compared to the subject. The Board gives reduced weight to appellant's comparable #3 due to its 1-story design when compared to the subject's 2-story.

The Board finds the best evidence of assessment equity to be appellant's comparable #4 along with board of review comparable #2. The Board finds that these two comparables are most similar to the subject in location, design, age and some features. However, both of these two comparables have unfinished basements and board of review comparable has central air conditioning, a feature the subject lacks, suggesting adjustments would be required to make the comparables more equivalent to the subject. Nevertheless, these two most similar comparables have improvement assessments of \$9,589 and \$25,464 or \$5.27 and \$12.36 per square foot of building area. The subject's improvement assessment of \$13,891 or \$7.70 per square foot of building area, is bracketed by the two best comparables in the record. Based on this record and after considering adjustments to the comparables for differences from the subject, the Board finds the

appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
