

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Emidio Delatorre  
DOCKET NO.: 20-34887.001-R-1  
PARCEL NO.: 18-13-412-037-0000

The parties of record before the Property Tax Appeal Board are Emidio Delatorre, the appellant(s), by attorney Andrew S. Dziuk, of Andrew Dziuk, Esq. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$2,343  
**IMPR.:** \$15,775  
**TOTAL:** \$18,118

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story multi-family dwelling of masonry construction with 3,338 square feet of living area. The residence was constructed in 1927. Features of the home include a full basement apartment, and a two-car garage. The property has a 3,750 square foot site and is located in Summit, Lyons Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of the assessment inequity argument the appellant submitted information on four equity comparables. The comparables were improved with multi-family dwellings of masonry construction. The comparables ranged: in age from 91 to 97 years old; in size from 3,679 to 3,894 square feet of living area; and in improvement assessment from \$3.93 to \$4.18 per square foot of living area. Based on this evidence, the appellant requested an assessment for the subject of \$15,461.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$18,118. The subject property has an improvement assessment of \$15,775 or \$4.73 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables, either located on the subject's block or within a ¼ mile radius of its location. The comparables were improved with two-story multi-family dwellings of masonry construction. The comparables ranged: in age from 84 to 98 years old; in size from 2,644 to 3,024 square feet of living area; and in improvement assessment from \$5.34 to \$6.42 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant *did not meet* this burden of proof and a reduction in the subject's assessment *is not* warranted.

The Board finds the best evidence of assessment equity to be *appellant's comparable #4 and board of review comparables #1, and #3*. These comparables were given greater weight due to their size relative to the subject. These comparables had improvement assessments that ranged from \$4.18 to \$5.39 per square foot of living area. The subject's improvement assessment of \$4.73 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant *did not* demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment *is not* justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
