

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Antony Delgado
DOCKET NO.: 20-34894.001-R-1
PARCEL NO.: 16-32-216-006-0000

The parties of record before the Property Tax Appeal Board are Antony Delgado, the appellant, by attorney Andrew S. Dziuk, of Andrew Dziuk, Esq. in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,846
IMPR.: \$11,669
TOTAL: \$15,515

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of brick exterior construction with 1,040 square feet of living area. The dwelling is 67 years old. Features of the home include a full basement with finished area, central air conditioning, and a two-car garage. The property has a 4,158 square foot site and is located in Cicero, Cicero Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables improved with one-story, class 2-03 dwellings of brick exterior construction that range in size from 1,040 to 1,157 square feet of living area. The homes range in age from 63 to 92 years old. Each comparable has a full basement with three having finished area and either a

one, one and one-half, or two-car garage. One comparable has central air conditioning. The comparables have the same assessment neighborhood code as the subject and are located within one mile of the subject property. The comparables have improvement assessments that range from \$10,450 to \$11,771 or from \$9.60 to \$10.20 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$9,984.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$15,515. The subject property has an improvement assessment of \$11,669 or \$11.22 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on three equity comparables improved with one-story, class 2-03 dwellings of brick exterior construction that range in size from 1,008 to 1,088 square feet of living area. The homes range in age from 65 to 70 years old. Each comparable has a full basement with finished area, a one and one-half or two-car garage, and central air conditioning. Two of the comparables have a fireplace. The comparables have the same assessment neighborhood code as the subject and are either located within one-fourth of a mile or in the "subarea" as the subject property. The comparables have improvement assessments that range from \$13,330 to \$16,918 or from \$13.20 to \$15.55 per square foot of living area.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains seven equity comparables submitted by the parties to support their respective positions. The Board gives less weight to the appellant's comparables #2 and #3 due to differences from the subject with respect to amenities or age. The Board finds the best evidence of assessment equity to be the remaining comparables. These comparables are relatively similar to the subject dwelling in terms of size, age, location, and amenities, although adjustments to some of the comparables, to account for differences in some features, would be needed to make them more equivalent to the subject. These comparables range in size from 1,008 to 1,088 square feet of living area and range in age from 63 to 70 years old. Their improvement assessments range from \$10,450 to \$16,918 or from \$9.60 to \$15.55 per square foot of living area. The subject's improvement assessment of \$11,669 or \$11.22 per square foot of living area falls within the range established by the best comparables in this record. Based on this evidence and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
