

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Joseph Smulevitz
DOCKET NO.: 20-34911.001-R-1
PARCEL NO.: 27-35-112-019-0000

The parties of record before the Property Tax Appeal Board are Joseph Smulevitz, the appellant, by attorney Andrew S. Dziuk, of Andrew Dziuk, Esq. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***a reduction*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,445
IMPR.: \$25,781
TOTAL: \$32,226

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame and masonry exterior construction with 3,125 square feet of living area. The dwelling is approximately 15 years old. Features of the home include a full unfinished basement, central air conditioning, one fireplace, and a 3-car garage. The property has a 12,890 square foot site and is located in Tinley Park, Orland Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity regarding the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with class 2-78 dwellings of frame and masonry exterior construction ranging in size from 2,935 to 3,471 square feet of living area. The comparables are 15 to 35

years old and have full unfinished basements. Each comparable has central air conditioning, one fireplace and a 2-car to a 3-car garage. The comparables have improvement assessments ranging from \$24,055 to \$27,689 or from \$7.61 to \$8.29 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$34,482. The subject property has an improvement assessment of \$28,037 or \$8.97 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within ¼ of a mile from subject property and within the same assessment neighborhood code as the subject. The comparables are improved with class 2-78, 2-story dwellings of frame and masonry exterior construction ranging in size from 2,495 to 3,588 square feet of living area. The comparables are 13 to 19 years old. Each comparable has an unfinished basement, central air conditioning, one fireplace and a 2.5-car or a 3-car garage. The comparables have improvement assessments ranging from \$25,840 to \$30,967 or from \$8.63 to \$11.41 per square foot of living area.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The record contains eight equity comparables for the Board's consideration. The Board gives less weight to appellant's comparable #1 which is less similar to the subject in age. The Board gives less weight to the board of review comparables which are less similar to the subject in dwelling size.

The Board finds the best evidence of assessment equity to be appellant's comparables #2, #3 and #4 which are more similar to the subject in location, age, dwelling size and features. These comparables have improvement assessments ranging from \$24,055 to and \$27,689 or for \$8.20 and \$8.29 per square foot of living area. The subject's improvement assessment of \$28,037 or \$8.97 per square foot of living area falls above the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
