

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Janice Martinez
DOCKET NO.: 20-35007.001-R-1
PARCEL NO.: 13-23-409-027-0000

The parties of record before the Property Tax Appeal Board are Janice Martinez, the appellant, by Mary Kate Gorman, Attorney at Law in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,560
IMPR.: \$22,820
TOTAL: \$30,380

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story multi-family building of frame exterior construction with 2,172 square feet of building area. The building is approximately 112 years old. Features of the building include an unfinished basement and a 2-car garage. The property has a 4,725 square foot site located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same neighborhood code as the subject property. The comparables are improved with 2-story multi-family buildings of frame exterior construction ranging in size from 2,184 to 2,544 square feet of building area. The comparables range in age from 105 to 135 years old. Three comparables each have a basement with two finished with either an apartment or

finished area. One comparable has central air conditioning. Each comparable has from a 1-car to a 2.5-car garage. The comparables have improvement assessments ranging from \$16,561 to \$20,195 or from \$7.29 to \$8.04 per square foot of building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$16,703 or \$7.69 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$30,380. The subject property has an improvement assessment of \$22,820 or \$10.51 per square foot of building area.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables with the same neighborhood code as the subject property. The comparables are improved with 2-story class 2-11 multi-family buildings of frame exterior construction ranging in size from 1,732 to 2,024 square feet of building area. The comparables range in age from 101 to 116 years old. Each comparable is finished with either an apartment or a recreation room. One comparable has a 2-car garage. The comparables have improvement assessments ranging from \$20,113 to \$24,754 or from \$11.61 to \$12.86 per square foot of building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #3 as well as board of review comparables #2 and #3 which differ from the subject in dwelling size and/or foundation type.

The Board finds the best evidence of assessment equity to be the parties' three remaining comparables which are more similar to the subject in age, dwelling size; and most features. However, board of review comparable #1 lacks a garage, which is a feature of the subject, requiring an upward adjustment for this difference to make it more equivalent to the subject. These comparables have improvement assessments ranging from \$17,554 to \$24,754 or from \$7.51 to \$12.23 per square foot of building area. The subject's improvement assessment of \$22,820 or \$10.51 per square foot of building area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the record does not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
