

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Keri Kramer
DOCKET NO.: 20-35073.001-R-1
PARCEL NO.: 13-22-405-009-0000

The parties of record before the Property Tax Appeal Board are Keri Kramer, the appellant, by attorney Ellen G. Berkshire, of Verros Berkshire in Oakbrook Terrace; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,800
IMPR.: \$28,930
TOTAL: \$33,730

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 1,870 square feet of living area. The dwelling is approximately 110 years old and has an unfinished basement. The property has a 3,000 square foot site located in Chicago, Jefferson Township, Cook County. The subject dwelling is classified as a Class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables located within the same neighborhood code as the subject and within .9 of a mile from the subject. The comparables are improved with class 2-05 dwellings of frame exterior construction ranging in size from 1,544 to 2,042 square feet of living area. The dwellings range in age from 99 to 110 years old. Three comparables have basements, two of which have finished area, and

one comparable has a concrete slab foundation. Two comparables each have central air conditioning, and three comparables have either a 1.5-car or a 2-car garage. The comparables have improvement assessments ranging from \$19,916 to \$27,420 or from \$11.00 to \$13.53 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$23,562 or \$12.60 per square foot of living area.

The appellant also submitted a copy of the Cook County Board of Review final decision for tax year 2020 disclosing the subject has a total assessment of \$33,730. The appellant reported that the subject has an improvement assessment of \$28,930 or \$15.47 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" with incorrect assessment information for the subject property that differed from the Cook County final decision presented by the appellant for the tax year 2020.

In support of its contention of the correct assessment, the board of review submitted information on three comparables located within the same neighborhood code as the subject and within the same block or .25 of a mile from the subject. The comparables are improved with class 2-05 dwellings of frame exterior construction ranging in size from 1,456 to 1,752 square feet of living area. The dwellings range in age from 108 to 130 years old. Two comparables have either a concrete slab or a crawl space foundation, and one comparable has a finished basement. Each comparable has either a 1.5-car or a 2-car garage. The comparables have improvement assessments ranging from \$34,345 to \$36,100 or from \$20.61 to \$24.34 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds neither party submitted comparables truly similar to the subject due to differences in their dwelling size, foundation type, basement finish, and/or other features. Nevertheless, these comparables have improvement assessments ranging from \$19,916 to \$36,100 or from \$11.00 to \$24.34 per square foot of living area. The subject's improvement assessment of \$28,930 or \$15.47 per square foot of living area falls within the range established by the comparables in this record. Based on this record and after considering adjustments to the comparables for differences when compared to the subject, such as dwelling size, foundation, air conditioning and/or garage features, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
