

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Maryann Tadros
DOCKET NO.: 20-35112.001-R-1
PARCEL NO.: 06-34-106-013-0000

The parties of record before the Property Tax Appeal Board are Maryann Tadros, the appellant; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$11,865
IMPR.: \$27,327
TOTAL: \$39,192

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 3,294 square feet of living area. The dwelling is approximately 30 years old. Features of the home include a finished full basement, central air conditioning, two fireplaces, and a three-car garage. The property has an 18,984 square foot site located in Bartlett, Hanover Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the same neighborhood code as the subject and from 0.2 of a mile to 1.1 miles from the subject. The comparables are improved with two-story dwellings of frame exterior construction that range in size from 2,982 to 3,537 square feet of living area. The comparables range in age from 19 to 31 years old, have full finished basements, central air

conditioning, one or two fireplaces, and a three-car garage. The comparables have improvement assessments ranging from \$18,896 to \$24,834 or from \$6.00 to \$7.02 per square foot of living area.

The appellant also submitted written comments arguing that two of the comparable properties with lower total assessments had either a larger dwelling size or a larger site size when compared to the subject, which the appellant contended support the inequity argument. The appellant also submitted information on comparable sales which are not responsive to the inequity argument and therefore shall not be considered by the Board. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$19,764 or \$6.00 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$39,192. The subject property has an improvement assessment of \$27,327 or \$8.30 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code and the same block as the subject property. The comparables are improved with class 2-78 two-story dwellings of frame or frame and masonry exterior construction that range in size from 3,078 to 3,626 square feet of living area. The comparables range in age from 24 to 28 years old and have partial or full basements, one of which has a finished area. Three comparables each have central air conditioning. Each comparable has from one to three fireplaces and either a three-car or a four-car garage. The comparables have improvement assessments ranging from \$25,750 to \$34,739 or from \$8.35 to \$9.58 per square foot of living area.

Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #2 due to their location of 1.1 miles away from the subject property.

The Board finds the best evidence of assessment equity to be the appellant's comparables #3 and #4 as well as the board of review comparables which are similar to the subject in location, age, dwelling size, and most features. These comparables have improvement assessments ranging from \$21,020 to \$34,739 or from \$6.97 to \$9.58 per square foot of living area. The subject's

improvement assessment of \$27,327 or \$8.30 per square foot of living area falls within the range established by the best comparables in the record. Based on the evidence in this record and after considering necessary adjustments to the board of review's comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not warranted.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that the properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity, which appears to exist on the basis of the evidence.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
